# SAFETY INFORMATION

- The following also applies to the Wireless Subwoofer (PS-WB85D / PS-WB86D).

## SAFETY WARNINGS

TO REDUCE THE RISK OF ELECTRIC SHOCK, DO NOT REMOVE THE COVER (OR BACK).

NO USER-SERVICEABLE PARTS ARE INSIDE. REFER SERVICING TO QUALIFIED SERVICE PERSONNEL.

Refer to the table below for an explanation of symbols which may be on your Samsung product.

	<b>CAUTION</b> <b>RISK OF ELECTRIC SHOCK. DO NOT OPEN.</b>	
	This symbol indicates that high voltage is present inside. It is dangerous to make any kind of contact with any internal part of this product.	
	This symbol indicates that this product has included important literature concerning operation and maintenance.	
	Class II product : This symbol indicates that a safety connection to electrical earth (ground) is not required. If this symbol is not present on a product with a power cord, the product MUST have a reliable connection to protective earth (ground).	
	AC voltage : Rated voltage marked with this symbol is AC voltage.	
	DC voltage : Rated voltage marked with this symbol is DC voltage.	
	Caution. Consult Instructions for use : This symbol instructs the user to consult the user manual for further safety related information.	

### WARNING

- To reduce the risk of fire or electric shock, do not expose this appliance to rain or moisture.
- To prevent injury, this apparatus must be securely attached to the floor/wall in accordance with the installation instructions.
- This product contains chemicals known to the State of California to cause cancer and birth defects or other reproductive harm.

### CAUTION

- Do not expose this apparatus to dripping or splashing. Do not put objects filled with liquids, such as vases, on the apparatus.
- To turn this apparatus off completely, you must pull the power plug out of the wall socket. Consequently, the power plug must be easily and readily accessible at all times.

### FCC NOTE (for U.S.A):

#### FCC Supplier's Declaration of Conformity

#### Responsible Party - U.S. Contact Information:

Samsung Electronics America, Inc.  
85 Challenger Road.  
Ridgefield Park, NJ 07660  
Phone: 1-800-SAMSUNG (726-7864)

### FCC Compliance Statement :

This device complies with Part 15 of the FCC Rules.

Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

### FCC Caution :

- Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment.
- This product satisfies FCC regulations when shielded cables and connectors are used to connect the unit to other equipment. To prevent electromagnetic interference with electric appliances, such as radios and televisions, use shielded cables and connectors for connections.

### Class B FCC Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one of the following measures:

- Reorienting or relocating the receiving antenna.
- Increasing the separation between the equipment and receiver.
- Connecting the equipment to an outlet that is on a different circuit than the radio or TV.
- Consulting the dealer or an experienced radio/TV technician for help.

### FCC Radiation Exposure Statement :

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated so there is at least 8 inches (20 cm) between the radiator and your body. This device and its antenna(s) must not be co-located or operated in conjunction with any other antenna or transmitter.

### CALIFORNIA USA ONLY (Applicable for networking models only.)

This Perchlorate warning applies only to primary CR(Manganese Dioxide) Lithium coin cells in the product sold or distributed ONLY in California USA "Perchlorate Material - special handling may apply, See [www.dtsc.ca.gov/hazardouswaste/perchlorate](http://www.dtsc.ca.gov/hazardouswaste/perchlorate)."

Dispose unwanted electronics through an approved recycler. To find the nearest recycling location, go to our website:[www.samsung.com/recycling](http://www.samsung.com/recycling) Or call, 1-800-SAMSUNG

 **WARNING: Cancer and Reproductive Harm - [www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov).**

## Important Safety Instructions

Read these operating instructions carefully before using the unit. Follow all the safety instructions listed below. Keep these operating instructions handy for future reference.

1. Read these instructions.
2. Keep these Instructions.
3. Heed all warnings.
4. Follow all instructions.
5. Do not use this apparatus near water.
6. Clean only with dry cloth.
7. Do not block any ventilation openings.  
Install in accordance with the manufacturer's instructions.
8. Do not install near any heat sources such as radiators, heat registers, stoves, or other apparatus (including amplifiers) that produce heat.
9. Do not defeat the safety purpose of the polarized or grounding-type plug.  
A polarized plug has two blades with one wider than the other. A grounding type plug has two blades and a third grounding prong. The wide blade or the third prong are provided for your safety. If the provided plug does not fit into your outlet, consult an electrician for replacement of the obsolete outlet.
10. Protect the power cord from being walked on or pinched particularly at plugs, convenience receptacles, and the point where they exit from the apparatus.
11. Only use attachments/accessories specified by the manufacturer.
12. Use only with the cart, stand, tripod, bracket, or table specified by the manufacturer, or sold with the apparatus. When a cart is used, use caution when moving the cart/apparatus combination to avoid injury from tip-over.
13. Unplug this apparatus during lightning storms or when unused for long periods of time.
14. Refer all servicing to qualified service personnel. Servicing is required when the apparatus has been damaged in any way, such as power-supply cord or plug is damaged, liquid has been spilled or objects have fallen into the apparatus, the apparatus has been exposed to rain or moisture, does not operate normally, or has been dropped.

## PRECAUTIONS

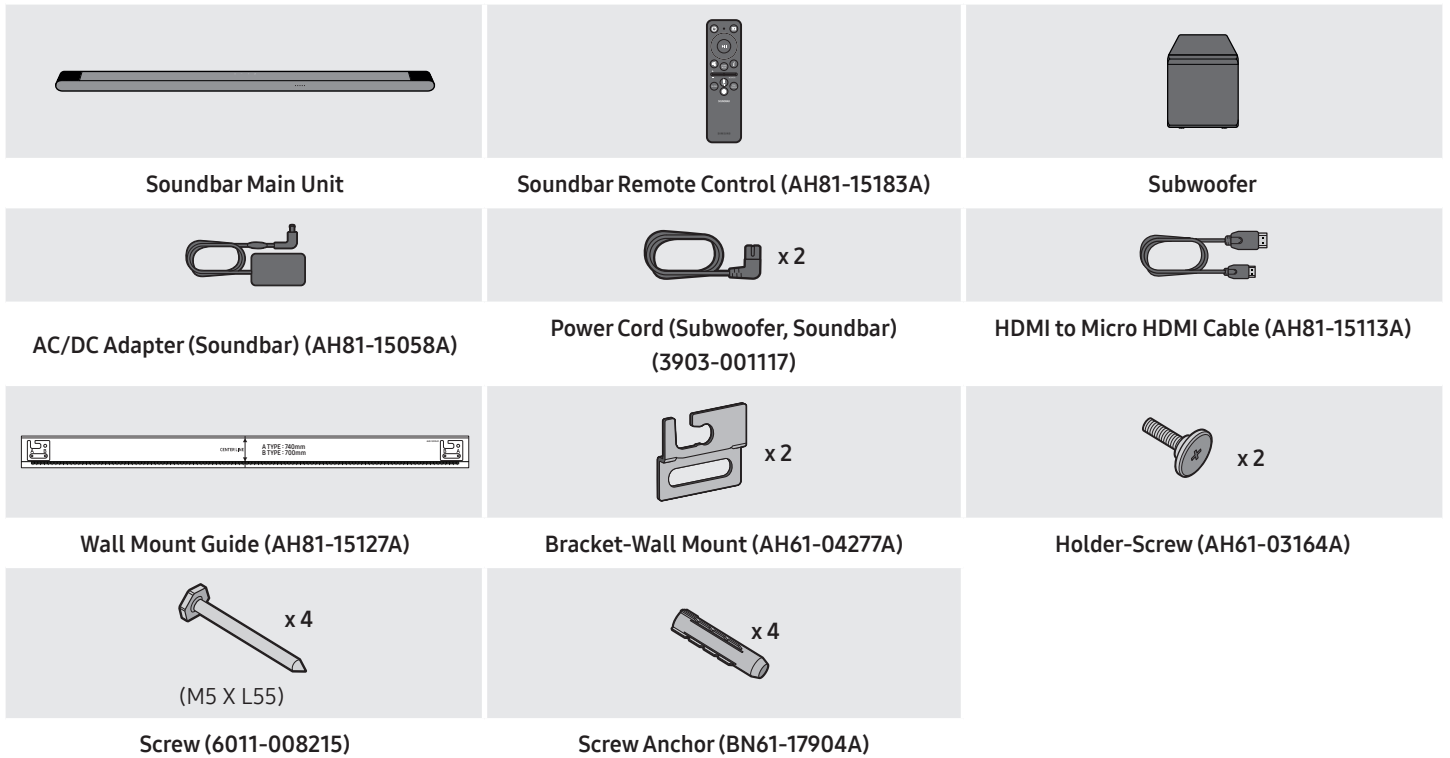

1. Ensure that the AC power supply in your house complies with the power requirements listed on the identification sticker located on the bottom of your product. Install your product horizontally, on a suitable base (furniture), with enough space around it for ventilation (3~4 inches). Make sure the ventilation slots are not covered. Do not place the unit on amplifiers or other equipment which may become hot. This unit is designed for continuous use. To fully turn off the unit, disconnect the AC plug from the wall outlet. Unplug the unit if you intend to leave it unused for a long period of time.
2. During thunderstorms, disconnect the AC plug from the wall outlet. Voltage peaks due to lightning could damage the unit.
3. Do not expose the unit to direct sunlight or other heat sources. This could lead to overheating and cause the unit to malfunction.
4. Protect the product from moisture (i.e. vases), and excess heat (e.g. a fireplace) or equipment creating strong magnetic or electric fields. Unplug the power cable from the AC wall socket if the unit malfunctions. Your product is not intended for industrial use. It is for personal use only. Condensation may occur if your product has been stored in cold temperatures. If transporting the unit during the winter, wait approximately 2 hours until the unit has reached room temperature before using.
5. **Fire or explosion may occur, resulting in damage to the remote control or personal injury.**
  - Do not apply shock to the remote control.
  - Be careful not to let foreign substances such as metal, liquid, or dust come in contact with the charging terminal of the remote control.
  - When the remote control is damaged or you smell smoke or burning fumes, immediately stop operation and then repair it at the Samsung service center.
  - Do not arbitrarily disassemble the remote control.
  - Be careful not to let infants or pets suck or bite the remote control. Fire or explosion may occur, resulting in damage to the remote control or personal injury.

# 01 CHECKING THE COMPONENTS

- For more information about the power supply and power consumption, refer to the label attached to the product. (Label: Bottom of the Soundbar Main Unit)
- To purchase additional components or optional cables, contact a Samsung Service Center or Samsung Customer Care.
- For more information about the wallmount or rubber-foot, see pages 28~29.
- Design, specifications, and App screen are subject to change without prior notice.
- The appearance of the accessories may differ slightly from the illustrations above.

# 02 PRODUCT OVERVIEW

## Top Panel of the Soundbar

<p><b>1</b></p>	<p><b>LED indicator</b> The LED Indicator flashes, glows, or changes color depending on the Soundbar’s current mode or status. The color of the LED indicator and the number of lights indicate the active mode as described below.</p> <table border="1" data-bbox="151 683 1508 772"> <tr> <td style="text-align: center;">Ⓜ</td> <td style="text-align: center;">Ⓜ</td> <td style="text-align: center;">Ⓜ</td> <td style="text-align: center;">Ⓜ</td> <td style="text-align: center;">Ⓜ</td> </tr> <tr> <td style="text-align: center;">White LED</td> <td style="text-align: center;">White LED</td> <td style="text-align: center;">Multicolor LED</td> <td style="text-align: center;">White LED</td> <td style="text-align: center;">White LED</td> </tr> </table> <ul style="list-style-type: none"> <li>The Multicolor LED changes to <b>White, Cyan, Green, Red, and Blue</b> depending on the mode or status.</li> </ul>	Ⓜ	Ⓜ	Ⓜ	Ⓜ	Ⓜ	White LED	White LED	Multicolor LED	White LED	White LED

<p><b>2</b></p>	<p><b>○ (Multi Function) Button</b></p> <ul style="list-style-type: none"> <li>In standby mode, press the ○ (Multi Function) button to turn on the Soundbar.</li> <li>Press the ○ (Multi Function) button to change the mode. Each time you change the mode, the LED lights in white and then turns off.</li> </ul> <table border="1" data-bbox="151 952 1508 1108"> <tr> <td style="text-align: center;">LED indicator</td> <td style="text-align: center;"> <div style="border: 1px solid blue; padding: 2px;">White On → Off</div>  </td> <td style="text-align: center;"> <div style="border: 1px solid blue; padding: 2px;">White On → Off</div>  </td> <td style="text-align: center;"> <div style="border: 1px solid blue; padding: 2px;">White On → Off</div>  </td> </tr> <tr> <td style="text-align: center;">🔊</td> <td style="text-align: center;">“TV ARC”</td> <td style="text-align: center;">“Wi-Fi”</td> <td style="text-align: center;">“Bluetooth”</td> </tr> </table>	LED indicator	<div style="border: 1px solid blue; padding: 2px;">White On → Off</div> 	<div style="border: 1px solid blue; padding: 2px;">White On → Off</div> 	<div style="border: 1px solid blue; padding: 2px;">White On → Off</div> 	🔊	“TV ARC”	“Wi-Fi”	“Bluetooth”		
LED indicator	<div style="border: 1px solid blue; padding: 2px;">White On → Off</div> 	<div style="border: 1px solid blue; padding: 2px;">White On → Off</div> 	<div style="border: 1px solid blue; padding: 2px;">White On → Off</div> 								
🔊	“TV ARC”	“Wi-Fi”	“Bluetooth”								
<p><b>3</b></p>	<p><b>– + (Volume) Button</b> Adjusts the volume.</p>										
<p><b>4</b></p>	<p><b>⊘ (Mic On/Off) Button</b> Press the button to turn the microphone on or off. When the microphone is off, the LED indicator will light red.</p> <table border="1" data-bbox="151 1344 1157 1500"> <tr> <td style="text-align: center;">LED indicator</td> <td style="text-align: center;"> <div style="border: 1px solid blue; padding: 2px;">Red On</div>  </td> <td style="text-align: center;">  </td> </tr> <tr> <td style="text-align: center;">🔊</td> <td style="text-align: center;">“Mic Off”</td> <td style="text-align: center;">“Mic On”</td> </tr> </table>	LED indicator	<div style="border: 1px solid blue; padding: 2px;">Red On</div> 		🔊	“Mic Off”	“Mic On”				
LED indicator	<div style="border: 1px solid blue; padding: 2px;">Red On</div> 										
🔊	“Mic Off”	“Mic On”									

- When you plug in the AC cord, the power button will begin working in 4 to 6 seconds.
- When you turn on this unit, there will be a 4 to 5 second delay before it produces sound.
- If you hear sounds from both the TV and Soundbar, go to the **Settings** menu for the TV audio and change the TV speaker to **External Speaker**.
- You can turn on and off audio feedback by using **SmartThings** app. To learn about using the **SmartThings** app, refer to “**Method 2. Connecting via Wi-Fi (Wireless Network)**”.

## Rear Panel of the Soundbar

<b>1</b>	<b>SERVICE</b> Connect a USB storage device to upgrade the product's software.
<b>2</b>	<b>HDMI (ARC)</b> Connect to the HDMI (ARC) port on a TV. (See page 17)
<b>3</b>	<b>DC 19V</b> Connect the AC/DC power adapter. (Power Supply In) (See page 14)

- When disconnecting the power cable of the AC/DC power adaptor from a wall outlet, pull the plug. Do not pull the cable.
- Do not connect this unit or other components to an AC outlet until all connections between components are complete.

# 03 USING THE SOUNDBAR REMOTE CONTROL

## About the Remote control

- Use the Remote less than 6 m from the product. The usable distance may vary with the wireless environmental conditions.
- When the remote control does not work due to low battery, charge it by using the USB-C type port.
- The illustration differs with the respective Remote Control model.

## How to Use the Remote Control

<p><b>1</b></p>	 <b>Power</b>	<p>Turns the Soundbar on and off.</p> <table border="1" data-bbox="774 593 1516 728"> <tr> <td data-bbox="774 593 925 728">LED indicator</td> <td data-bbox="925 593 1220 728">                       Cyan Blinks X1                      On                 </td> <td data-bbox="1220 593 1516 728">                       Red Blinks X3                      Off                 </td> </tr> </table> <ul style="list-style-type: none"> <li>• <b>Auto Power Down Function</b> The unit turns off automatically in the following situations:                         <ul style="list-style-type: none"> <li>• In "TV ARC" / "Wi-Fi" / "Bluetooth" mode if there is no audio signal for 18 minutes.</li> </ul> </li> </ul>	LED indicator	 Cyan Blinks X1 On	 Red Blinks X3 Off

(Make sure the Sound mode is set to “<b>STANDARD</b>”.)</li> <li>If the video on the TV and audio from the Soundbar are not synchronized, select “<b>Sync</b>” in Sound Control, and then set the audio delay between 0~300 milliseconds by using the <b>Up/Down</b> buttons.</li> <li>“<b>Sync</b>” is only supported for some functions.</li> <li>The <b>Virtual</b> function can be turned <b>On/Off</b> by using the <b>Up/Down</b> buttons.</li> </ul>	LED indicator			“ <b>SpaceFit Sound</b> ” → “ <b>Active Voice Amplifier</b> ” → “ <b>Voice enhancement</b> ” → “ <b>Night Mode</b> ” → “ <b>Sync</b> ” → “ <b>Virtual</b> ”
LED indicator						
	“ <b>SpaceFit Sound</b> ” → “ <b>Active Voice Amplifier</b> ” → “ <b>Voice enhancement</b> ” → “ <b>Night Mode</b> ” → “ <b>Sync</b> ” → “ <b>Virtual</b> ”					
14	<b>USB port (C-type) for charging</b>	<p>The LED lights while charging. When fully charged, the LED turns off.</p> <ul style="list-style-type: none"> <li>The USB Cable is not provided.</li> <li>When the remote control does not work due to low battery, charge it by using the USB-C type port.</li> </ul>				

## Active Voice Amplifier (AVA)

- Analyzes external noise in real time while soundbar is playing, so that voice audio can always be heard clearly.
- No data is saved during the analysis.

## Using the Hidden Buttons (Buttons with more than one function)

Hidden Button		Reference page
Remote Control Button	Function	
WOOFER (Up)	TV remote control On/Off (Standby)	page 13
Up	ID SET	page 9
 (Sound Control)	7 Band EQ	page 11
 (Source)	Audio Feedback On/Off (Standby)	page 9

## Output specifications for the different sound effect modes

Effect	Input	Output	
		With Subwoofer Only	With Subwoofer & Wireless Rear Speaker Kit
Surround	2.0 ch	3.1.2 ch	5.1.4 ch
	5.1 ch	3.1.2 ch	5.1.4 ch
	Dolby Atmos®	3.1.2 ch	5.1.4 ch
Game	2.0 ch	3.1.2 ch	5.1.4 ch
	5.1 ch	3.1.2 ch	5.1.4 ch
	Dolby Atmos®	3.1.2 ch	5.1.4 ch
Standard	2.0 ch	2.1 ch	2.1 ch
	5.1 ch	3.1 ch	5.1 ch
	Dolby Atmos®	3.1.2 ch	5.1.4 ch
Adaptive Sound	2.0 ch	3.1.2 ch	5.1.4 ch
	5.1 ch	3.1.2 ch	5.1.4 ch
	Dolby Atmos®	3.1.2 ch	5.1.4 ch
DTS Virtual:X	2.0 ch	3.1.2 ch	5.1.4 ch
	5.1 ch	3.1.2 ch	5.1.4 ch
	Dolby Atmos®	3.1.2 ch	5.1.4 ch

- The Samsung Wireless Rear Speaker Kit can be purchased separately. To purchase a Kit, contact the vendor you purchases the Soundbar from.
- The Surround Speakers will not produce sounds for 2 channel output while **STANDARD** mode is in use. To enable sound for the Surround Speakers, change the effect mode to **SURROUND**.
- When the input source is Dolby Atmos® the Subwoofer-only setup provides 3.1.2 channel audio, while the Subwoofer & Wireless Rear Speaker Kit setup provides 5.1.4 channel audio.

## Adjusting the Soundbar volume with a TV remote control

Adjust the Soundbar volume using the TV's remote control.

- This function can be used with IR remote controls only. Bluetooth remote controls (remote controls that require pairing) are not supported.
- Set the TV speaker to **External Speaker** to use this function.
- Manufacturers supporting this function:  
Samsung, VIZIO, LG, Sony, Sharp, PHILIPS, PANASONIC, TOSHIBA, Hisense, RCA

1. Turn Off the Soundbar.

2. Push up and hold the **WOOFER** button for 5 seconds.

Each time you push the **WOOFER** button up and hold it for 5 seconds, the mode switches in the following order: "OFF-TV REMOTE" (Default mode), "SAMSUNG-TV REMOTE", "ALL-TV REMOTE".

Remote Control Button	LED Indicator	Status
	(Default mode) <b>Red Blinks X1</b>  "Off-TV Remote" (Default mode)	Disable the TV remote control.
	<b>Cyan Blinks X1</b>  "Samsung-TV Remote"	Enable a Samsung TV's IR remote control.
	<b>Blue Blinks X1</b>  "All-TV Remote"	Enable a third-party TV's IR remote control.

# 04 CONNECTING THE SOUNDBAR

## Connecting the power and units

Use the Power cord to connect the Subwoofer and Soundbar to an electrical outlet in the following order:

- For more information about the required electrical power and power consumption, refer to the label attached to the product. (Label: Bottom of the Soundbar Main Unit)

1. Connect the Power cord to the Subwoofer.

2. Connect the Power cord to the Soundbar.

3. Connect power to the Soundbar and Subwoofer. The Subwoofer is automatically connected when the Soundbar is turned on.

### NOTE

- Connect the Subwoofer power before connecting to the Soundbar. The Subwoofer will be automatically connected when turning on the Soundbar.
- If you unplug and reconnect the power cord when the product is turned on, the Soundbar turns on automatically.

## Manually connecting the Subwoofer

### Before performing the manual connection procedure below:

- Check whether the power cables for the Soundbar and subwoofer is connected properly.
- Make sure that the Soundbar is turned off.

1. Turn off the Soundbar main.
2. Press and hold **ID SET** on the rear of the subwoofer for at least 5 seconds.
  - The red indicator at the rear of each speaker turns off and the blue indicator blinks.

3. Press the **Up** button on the remote control for 5 seconds.
  - The Soundbar will automatically power on when **ID SET** is complete.

4. Check if the LINK LED is solid blue (connection complete).

The LINK LED indicator stops blinking and glows a solid blue when a connection is established between the Soundbar and the Wireless Subwoofer.

## LED Indicator Lights on the Rear of Subwoofer

LED	Status	Description	Resolution
	On	Successfully connected (normal operation)	-
	Blinking	Recovering the connection	Check if the power cable attached to the main Soundbar unit is connected properly or wait about 5 minutes. If blinking persists, try manually connecting the subwoofer. See page 15.
	On	Standby (with the Soundbar main unit turned off)	Check if the power cable attached to the main Soundbar unit is connected properly.
		Connection failed	Connect again. See the instructions for manual connection on page 15.
	Blinking	Malfunction	See the contact information for the Samsung Service Center in this manual.

### NOTE

- If the main unit is powered off, the wireless subwoofer will go into stand-by mode and the STANDBY LED on the rear of the sub-woofer will turn red after blinking in blue several times.
- If you use a device that uses the same frequency as the Soundbar near the Soundbar, interference may cause some sound interruption.
- The maximum transmission distance of the main unit's wireless signal is about 32.8 ft (10 m), but may vary depending on your operating environment. If a steel-concrete or metallic wall is between the main unit and the wireless subwoofer, the system may not operate at all because the wireless signal cannot penetrate metal.

### CAUTION

- Wireless receiving antennas are built into the wireless subwoofer. Keep the unit away from water and moisture.
- For optimal listening performance, make sure that the area around the wireless subwoofer is clear of any obstructions.

## Connecting an SWA-9500S (Sold Separately) to your Soundbar

Expand to true wireless surround sound by connecting the Samsung Wireless Rear Speaker Kit (SWA-9500S, sold separately) to your Soundbar. For detailed information on connections, see the Samsung Wireless Rear Speaker Kit manual.

# 05 CONNECTING TO A TV

## Connecting the TV that supports HDMI ARC (Audio Return Channel)

### ⚠ CAUTION

- When using an HDMI to Micro HDMI cable, take caution not to break the cable terminal.
- When the HDMI cable is connected, the HDMI signal is received first.
- To connect the HDMI cable between the TV and Soundbar, be sure to connect the terminals marked ARC. Otherwise, the TV sound may not be output.
- The recommended cable is **High Speed HDMI Cable with Ethernet**.

1. With the Soundbar and TV turned off, connect the HDMI cable as shown in the figure.
2. Turn on the Soundbar and TV.
3. Your TV will output sound via the Soundbar.
  - When the TV sound is not output, press the **○ (Multi Function)** button at the top of the Soundbar or the **⏮ (Source)** button on the remote control to select the **"TV ARC"** mode.
  - When the sound is not output, check the HDMI cable connection again.
  - Use the volume buttons on the TV's remote control to change the volume on the Soundbar.

### NOTE

- We recommend you use a coreless HDMI cable if possible. If you use a cored HDMI cable, use one whose diameter is less than 0.55 inches (14 mm).
- This function is not available if the HDMI cable does not support ARC.
- When the audio in a broadcast is encoded in Dolby Digital and the "Digital Output Audio Format" on your TV is set to PCM, we recommend that you change the setting to Dolby Digital. When the setting on the TV is changed, you will experience better sound quality. (The TV menu may use different words for Dolby Digital and PCM depending on the TV manufacturer.)

# Connecting via Bluetooth

When a Samsung TV is connected using Bluetooth, you can hear stereo sound without the hassle of cabling.

- Only one Samsung TV can be connected at a time.
- Samsung TV that supports Bluetooth can be connected. Check the specifications of your TV.

## The initial connection

<p>1. <b>Bluetooth Pairing button</b></p>  <p>(OR)</p> <p>When in "Bluetooth" mode</p> 	<p><b>LED Indicator</b></p> <div style="display: flex; align-items: center; justify-content: center;"> <div style="border: 1px solid cyan; padding: 5px; margin-right: 20px;">Red → Green → Blue Blinks</div> <div style="font-size: 2em; margin: 0 10px;">➔</div> <div style="border: 1px solid cyan; padding: 5px;">Cyan Blinks X3</div> </div> <div style="display: flex; justify-content: center; margin-top: 10px;"> <div style="text-align: center; margin-right: 20px;">  <p>Pairing</p> </div> <div style="text-align: center;">  <p>Connection is complete</p> </div> </div> <ul style="list-style-type: none"> <li>• Until pairing is complete, the Multicolor LED changes as <b>Red → Green → Blue</b> in turn.</li> </ul> <div style="text-align: center; margin-top: 20px;">  <p>"Ready to connect via Bluetooth."</p> </div>
---	---

2. Select Bluetooth mode on the Samsung TV.  
(e.g. Home (🏠) → Menu → Settings (⚙️) → All Settings (⚙️) → Sound → Sound Output → Bluetooth Speaker List → [AV] Samsung Soundbar S\*\*\*B (Bluetooth))
3. Select "[AV] Samsung Soundbar S\*\*\*B" from the list on TV's screen.  
An available Soundbar is indicated with "Need Pairing" or "Paired" on the TV's Bluetooth device list. To connect the Samsung TV to the Soundbar, select the message, and then establish a connection.
4. You can now hear Samsung TV sound from the Soundbar.

### If the device fails to connect

- If you have an existing Soundbar (e.g., [AV] Samsung Soundbar S\*\*\*B) on the list of speakers on the Samsung TV, delete it.
- Then repeat steps 1 through 3.

## Disconnecting the Soundbar from the Samsung TV

Press the **○ (Multi Function)** button at the top of the Soundbar or the **➔ (Source)** button on the remote control to select the mode other than "Bluetooth".

- Disconnecting takes time because the Samsung TV must receive a response from the Soundbar.  
(The time required may differ, depending on the Samsung TV model.)

## Notes on Bluetooth connection

- Locate a new device within 3.28 ft (1 m) to connect via Bluetooth communication.
- If asked for a PIN code when connecting a Bluetooth device, enter <0000>.
- The Soundbar automatically turns off after 18 minutes in the Ready state.
- The Soundbar may not perform Bluetooth search or connection correctly under the following circumstances:
  - If there is a strong electrical field around the Soundbar.
  - If several Bluetooth devices are simultaneously paired with the Soundbar.
  - If the Bluetooth device is turned off, not in place, or malfunctions.
- Electronic devices may cause radio interference. Devices that generate electromagnetic waves must be kept away from the Soundbar main unit - e.g., microwaves, wireless LAN devices, etc.

# Connecting via Wi-Fi

## Pre-connection Checklist

- Wi-Fi connection is available only on Samsung TV.
- Check whether **the wireless router (Wi-Fi)** is turned on and **the TV is connected to the router**.
- The TV and Soundbar must be connected to the same wireless network (Wi-Fi).
- If your wireless router (Wi-Fi) uses a DFS channel, you will not be able to establish a Wi-Fi connection between the TV and Soundbar. Contact your Internet service provider for details.
- Because the menus may differ depending on the year of manufacture, refer to your TV manual.
- To connect the TV to the Soundbar via Wi-Fi, connect the Soundbar to the wireless router first. See page 25, for details on how to establish a Wi-Fi connection.

1. For more information about Wi-Fi connection to the Soundbar, see page 25, "**Method 2. Connecting via Wi-Fi (Wireless Network)**".
2. Change the input source of the TV by using the Audio menu to Soundbar.
  - **Samsung TVs released in 2017 or later**  
Sound → Sound Output → [AV] Samsung Soundbar S\*\*\*B (Wi-Fi)

# Connecting to a TV that supports Dolby Atmos

## Pre-connection Checklist

- Dolby Atmos® is supported in “TV ARC” or “Wi-Fi” mode.
- Make sure that the content supports Dolby Atmos®.

1. With the Soundbar and TV turned off, connect the HDMI cable as shown in the figure.
2. Turn on the Soundbar and TV.
3. TV sound is output from the Soundbar.

1. Connect the Soundbar and TV to the same wireless network (Wi-Fi).
2. For sound output of the TV, select Soundbar.
3. TV sound is output from the Soundbar.

## NOTE

- **When you use Dolby Atmos®:** If the input source is Dolby Atmos®, refer to “Output specifications for the different sound effect modes” on page 12.
- **Configuring Dolby Atmos® on your BD player or other device connected to the TV.**  
Open the audio output options on the settings menu of your BD player or other device and make sure that “No Encoding” is selected for Bitstream. For example, on a Samsung BD Player, go to Home Menu → Sound → Digital Output and then select Bitstream (unprocessed).
- This function is available in some Samsung TVs and some Soundbar models.

## Using the Q-Symphony Function

For Q-Symphony, the Soundbar syncs with a Samsung TV to output sound through two devices for optimum surround effect. When the Soundbar is connected, the menu, "TV+Soundbar" appears under the **Sound Output** menu of the TV. Select the corresponding menu.

- TV menu example: TV + [AV] Soundbar series name (HDMI)

- TV menu example: TV + [AV] Soundbar series name (Wi-Fi)

### NOTE

- It can operate according to the Codec supported by TV.
- This function is supported only when the HDMI Cable or Wi-Fi is connected.
- Ensure that your TV and Soundbar are connected to the same wireless router/frequency.
- This function is available in some Samsung TVs and some Soundbar models.

## Using the Spacefit sound

Provides optimized sound quality by analyzing the listening spaces.

### Method 1. Connecting via Soundbar

To enable this function, turn on the SpaceFit Sound mode with the remote control of the Soundbar.

( (Sound Control) → "SpaceFit Sound Off" → ▲ ( Up ) → "SpaceFit Sound On")

- This is available in all Sound modes.

### Method 2. Connecting via TV

To enable this function, turn on the Adaptive Sound+ mode on your Samsung TV menu.

(Home (  ) → Menu → Settings (  ) → All Settings (  ) → General → Intelligent Mode Settings → Adaptive Sound+)

- The sound mode on your Soundbar will automatically change to **Adaptive Sound+** if you enable the **Adaptive Sound+** mode on your TV.

### **NOTE**

This function works when the Soundbar connects to some of the Samsung TVs.

# 06 CONNECTING A MOBILE DEVICE

## Method 1. Connecting via Bluetooth

When a mobile device is connected using Bluetooth, you can hear stereo sound without the hassle of cabling.

- When you connect a paired Bluetooth device with the Soundbar off, the Soundbar automatically turns on.

### The initial connection

When connecting to a new Bluetooth device, make sure the device is within 3.28 ft (1 m) distance.

<p>1. <b>Bluetooth Pairing button</b></p>  <p>(OR)</p> <p>When in "Bluetooth" mode</p> 	<p><b>LED Indicator</b></p> <div style="display: flex; align-items: center; justify-content: center;"> <div style="border: 1px solid cyan; padding: 5px; margin-right: 20px;">Red → Green → Blue Blinks</div> <div style="margin-right: 20px;">→</div> <div style="border: 1px solid cyan; padding: 5px;">Cyan Blinks X3</div> </div> <div style="display: flex; justify-content: center; align-items: center; margin-top: 10px;"> <div style="text-align: center; margin-right: 20px;">  <p>Pairing</p> </div> <div style="margin-right: 20px;">→</div> <div style="text-align: center;">  <p>Connection is complete</p> </div> </div> <ul style="list-style-type: none"> <li>• Until pairing is complete, the Multicolor LED changes as <b>Red → Green → Blue</b> in turn.</li> </ul> <div style="display: flex; align-items: center; justify-content: center; margin-top: 20px;">  <p>"Ready to connect via Bluetooth."</p> </div>
--	---

2. On your device, select "[AV] Samsung Soundbar S\*\*\*B" from the list that appears.
3. Play music files from the device connected via Bluetooth through the Soundbar.

### If the device fails to connect

- If you have an existing Soundbar (e.g., "[AV] Samsung Soundbar S\*\*\*B") in the list of speakers on the Mobile device, delete it.
- Repeat steps 1 and 2.

### Notes on Bluetooth connection

- Locate a new device within 3.28 ft (1 m) to connect via Bluetooth communication.
- If asked for a PIN code when connecting a Bluetooth device, enter <0000>.
- The Soundbar automatically turns off after 18 minutes in the Ready state.
- The Soundbar may not perform Bluetooth search or connection correctly under the following circumstances:
  - If there is a strong electrical field around the Soundbar.
  - If several Bluetooth devices are simultaneously paired with the Soundbar.
  - If the Bluetooth device is turned off, not in place, or malfunctions.
- Electronic devices may cause radio interference. Devices that generate electromagnetic waves must be kept away from the Soundbar main unit - e.g., microwaves, wireless LAN devices, etc.
- The Soundbar supports SBC data (44.1kHz, 48kHz).
- Connect only to a Bluetooth device that supports the A2DP (AV) function.
- You cannot connect the Soundbar to a Bluetooth device that supports only the HF (Hands Free) function.
- When connecting the Soundbar to a Bluetooth device, place them as close to each other as possible.
- The farther the Soundbar and Bluetooth device are from each other, the lower the sound quality will become. The Bluetooth connection may break when the devices are out of the effective range.
- The Bluetooth connection may not function as intended in areas with poor reception.

- A Bluetooth device may experience noise or malfunction under in the following conditions:
  - When the body is in contact with the signal transceiver on the Bluetooth device or Soundbar
  - In corners or when there is an obstacle in proximity, such as a wall or partition, where electrical changes may occur.
  - When exposed to radio interferences by other products operating on the same frequency ranges, such as medical equipment, microwave ovens, and wireless LAN devices.
  - Obstacles such as doors and walls may still impact the sound quality even when the devices are within the effective range.
- Note that your Soundbar cannot be paired with other Bluetooth devices while using the Bluetooth option.
- This wireless device may cause electrical interference during operation.

### **Disconnecting the Bluetooth device from a Soundbar**

You can disconnect a Bluetooth device from the Soundbar. For instructions, see the Bluetooth device's user manual.

- The Soundbar will be disconnected.
- If the Soundbar is disconnected from the Bluetooth device, the multicolor LED indicator on the Soundbar blinks "**Red**" three times.

### **Disconnecting the Soundbar from the Bluetooth device**

Press the **○ (Multi Function)** button on the top of the Soundbar or the **➡ (Source)** button on the remote control to switch the mode from "**Bluetooth**".

- Disconnecting takes time because the Bluetooth device must receive a response from the Soundbar. (Disconnection time may differ, depending on the Bluetooth device)

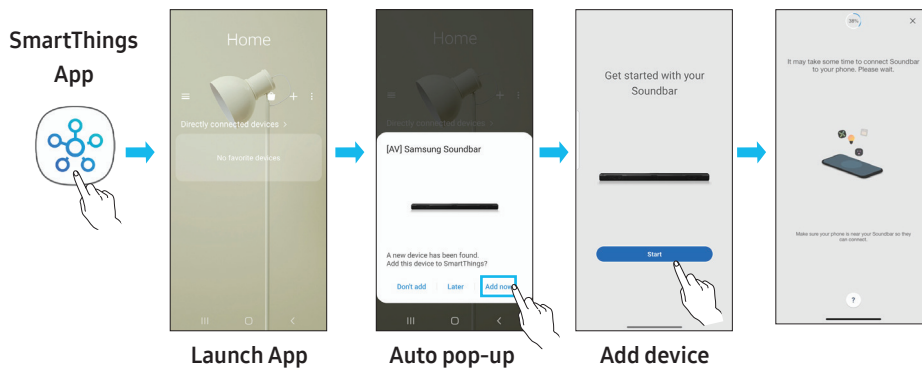

## Method 2. Connecting via Wi-Fi (Wireless Network)

To connect a Soundbar to a mobile device via a wireless network (Wi-Fi), the **SmartThings** app is required.

### The initial connection

1. Install and launch the **SmartThings** app from your mobile device (smartphone or tablet).
2. On the app, follow the screen instructions to add the Soundbar.
  - The automatic pop-up (the second screenshot below) may not show on some devices.  
If the pop-up window does not appear, press “+” on the **Home** screen. The Soundbar is added to the app.
  - The illustration below may differ with the app version.

## Using the Tap Sound

Tap the Soundbar with your mobile device to play the sound of content on the mobile device through the Soundbar.

- This function may not be supported, depending on the mobile device.
- This function is only compatible with Samsung mobile devices with Android 8.1 or later.

1. Turn on the **Tap Sound** function on your mobile device.
  - For details on how to turn on the function, refer to “**Setting the Tap Sound function**” below.
2. Tap the Soundbar with the mobile device. Select “**Start now**” in the displayed message window. A connection is established between the mobile device and Soundbar via Bluetooth.
3. Play the sound of content on the mobile device through the Soundbar.
  - This function connects a mobile device to the Soundbar via Bluetooth by detecting vibration that occurs when the device touches the Soundbar.
  - Make sure the mobile device does not tap a sharp corner of the Soundbar. The Soundbar or mobile device may become scratched or damaged.
  - It is recommended that the mobile device be covered with a case. Lightly tap the wide area in the upper portion of the Soundbar, without using excessive force.
  - To use this function, update the **SmartThings** app to the latest version. The function may not be supported, depending on the app version.

### Setting the Tap Sound function

Use the **SmartThings** app to turn on the **Tap View, Tap Sound** function.

1. On the mobile device, run the **SmartThings** app.
2. Select (☰ → ⚙) in the **SmartThings** app screen displayed on the mobile device.
3. Set “**Tap View, Tap Sound**” to On to allow the function to work when a mobile device moves close to the Soundbar. The function is turned on.

#### **NOTE**

- When the mobile device is in power-saving mode, the **Tap Sound** function does not work.
- The **Tap Sound** function may not work if there are devices near the Soundbar that cause radio interference such as electric devices. Make sure devices that may cause radio interference are placed at a sufficient distance away from the Soundbar.

## 07 CONNECTING VIA APPLE AIRPLAY 2

- This feature may not be available in some countries.
- This Samsung Soundbar supports AirPlay 2 and requires iOS 11.4 or later.

With AirPlay 2, you can stream music, podcasts, and other audio from your Apple devices to the Samsung Soundbar.

- Make sure the Soundbar is powered on and connected to the same Wi-Fi network as your Apple device.
- Select  from an AirPlay-supported app or Control Center on your iPhone, iPad, or Mac.
- Select the Soundbar from the list of available devices to play the current audio to.

# 08 INSTALLING THE WALL MOUNT

## Installation Precautions

- Install on a vertical wall only.
- Do not install in a place with high temperature or humidity.
- Verify whether the wall is strong enough to support the product's weight. If not, reinforce the wall or choose another installation point.
- Connect cables from the unit to external devices before you install the Soundbar on the wall.
- Make sure the unit is turned off and unplugged before you install it. Otherwise, it may cause an electric shock.

## Wallmount Components

Wall Mount Guide (AH81-15127A)

Holder-Screw (AH61-03164A)

Screw (6011-008215)

Bracket-Wall Mount (AH61-04277A)

Screw Anchor (BN61-17904A)

1. Place the **Wall Mount Guide** against the wall surface.
  - The **Wall Mount Guide** must be level.
  - If your TV is mounted on the wall, install the Soundbar at least 2 inches (5 cm) below the TV.

2. Align the **Wall Mount Guide's Center Line** with the center of your TV (if you are mounting the Soundbar below your TV), and then fix the **Wall Mount Guide** to the wall using tape.
  - If you are not mounting below a TV, place the **Center Line** in the center of the installation area.

3. Push a pen tip or sharpened pencil tip through the center of the **A-TYPE** and **B-TYPE** images on each end of the Guide to mark the holes for the supporting screws, and then remove the **Wall Mount Guide**.

4. Using an appropriately sized drill bit, drill a hole in the wall at each marking.
  - If the markings do not correspond to the positions of studs, make sure you insert appropriate anchors or mollies into the holes before you insert the support screws. If you use anchors or mollies, make sure the holes you drill are large enough for the anchors or mollies you use.
5. Push a screw (not supplied) through each **Screw**, and then screw each screw firmly into a support screw hole.

- Install the 2 **Bracket-Wall Mounts** in the correct orientation on the rear of the Soundbar using 2 **Holder-Screws**.

- When assembling, make sure the hanger part of the **Bracket-Wall Mounts** are located behind the rear of the Soundbar.

- Install the Soundbar with the attached **Bracket-Wall Mounts** by hanging the **Bracket-Wall Mounts** on the **Holder-Screws** on the wall.

- Slide the Soundbar down as shown below so that the **Bracket-Wall Mounts** rest securely on the **Holder-Screws**.

- Insert the **Holder-Screws** into the wide (rear) part of the **Bracket-Wall Mounts**, and then slide the **Bracket-Wall Mounts** down so that the **Bracket-Wall Mounts** rest securely on the **Holder-Screws**.

## 09 INSTALLING THE SOUNDBAR IN FRONT OF TV

As illustrated in the image, align the center of the Soundbar with the center of the TV, carefully place the Soundbar onto the TV stand. At this time, place the microphones at the front of the stand not to interfere with voice recognition.

### NOTE

- Make sure the Soundbar is placed on a flat and solid surface.
- Insufficient gap from the TV may cause voice recognition and acoustic problems.
- The illustration above differs with the respective model.

# 10 SOFTWARE UPDATE

## Auto Update

When the Soundbar is connected to the Internet, software updates automatically occur even when the Soundbar is turned off.

- To use the Auto Update function, the Soundbar must be connected to the Internet.

The Wi-Fi connection to the Soundbar will be terminated if the Soundbar's power cord is disconnected or the power is cut off. If the power is cut off, when the power comes back on or you reconnect the power cord, turn on the Soundbar, and then reconnect it to the Internet.

## USB Update

Samsung may offer updates for the Soundbar's system firmware in the future.

When an update is available, you can update the Soundbar by connecting the USB drive that contains the update firmware to the **SERVICE** port of the Soundbar.

- Go to ([www.samsung.com](http://www.samsung.com)) → search for the model name from the customer support menu option.
  - For more information about update, refer to Upgrade Guide.
- Download the upgrade file (USB type).
- Unzip the file to create a folder with the file name.
- Store the created folder in a USB and then connect it to the Soundbar.
- Turn on the Soundbar. Then the product is updated within 3 minutes.

- During update, do not turn it off or remove the USB.
- If the yellow LED is on after the software update is completed, this means that an additional update is in progress. When this happens, don't turn off the power or remove the USB.
- If update does not proceed, reconnect the Soundbar power cord.
- When the latest version is installed, no update is performed.
- Depending on the USB type, update may not be supported.

- If there is no update file available, the indicator blinks red 3 times.

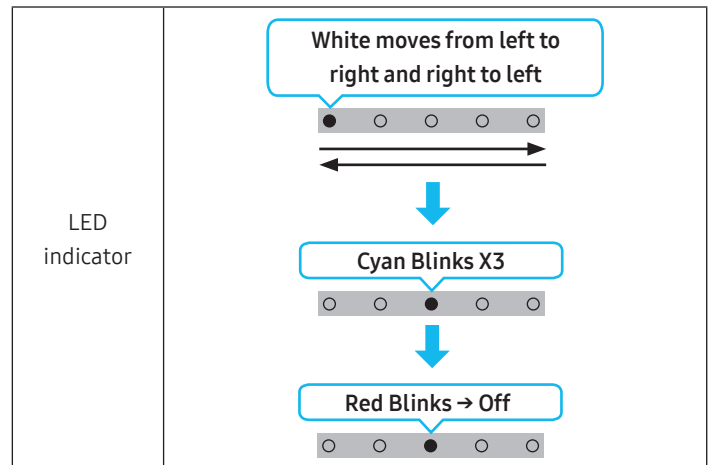

- If the update file is in the same or lower version than the existing, the indicator blinks cyan 3 times.

## Reset

With the Soundbar on, press the **— + (Volume)** buttons on the body at the same time for at least 5 seconds. The LED display changes as shown below and then the Soundbar is reset.

### ⚠ CAUTION

- All the settings of the Soundbar are reset. Be sure to perform this only when a reset is required.

# 11 TROUBLESHOOTING

Refer to the instructions below if this product does not function properly. If the problem you are experiencing is not listed below or if the instructions below do not help, turn off the product, disconnect the power cord, and contact Samsung Electronics at 1-800-SAMSUNG (1-800-726-7864).

## Soundbar does not turn on.

- Check whether the power cord of the Soundbar is correctly inserted into the outlet.

## Soundbar works erratically.

- After removing the power cord, insert it again.
- Power cycle the external device and try again.
- If there is no signal, the Soundbar automatically turns off after a certain period of time. Turn on the power. (See page 9.)

## Remote control does not work

- Point the remote directly at the soundbar.
- Recharge the remote control.

## The Soundbar indicator turns solid red.

- The microphone is turned off.  
Turn on the microphone. (See page 7.)

## Sound is not output from the soundbar.

- The volume of the Soundbar is too low or muted. Adjust the volume.
- When any external device (STB, Bluetooth device, mobile device, etc.) is connected, adjust the volume of the external device.
- For sound output of the TV, select Soundbar. (Samsung TV: Home (🏠) → Menu → Settings (⚙️) → All Settings (⚙️) → Sound → Sound Output → Select Soundbar)
- The cable connection to the Soundbar may not be loose. Remove the cable and connect again.
- Remove the power cord completely, reconnect, and turn the power on.
- Reset the product and try again. (See page 30.)

## Sound is not output from the subwoofer.

- Check whether the LED indicator on the rear of the Subwoofer is on in blue. Reconnect the Soundbar and Subwoofer if the indicator is blinking in blue or turned red. (See page 15.)
- You may experience an issue if there is an obstacle between the Soundbar and Subwoofer. Move devices to an area away from obstacles.
- Other devices sending radio frequency signals in proximity may interrupt the connection.  
Keep your speaker away from such devices.
- Remove and reconnect the power plug.

## In case there is sound jitter, delays, or noise from the Subwoofer

- If there are any objects between the Soundbar and Subwoofer, this could cause a problem. Please reposition these to a place without such an object.
- There may be sound jitter or delays when the Subwoofer is far from the Soundbar. Please place them near the Soundbar.
- There may be sound jitter or delays when the Soundbar is near an instrument or electrical device that can cause radio interference. Place the Soundbar far from such devices that can cause radio interference. (E.g., wireless router)
- Change the TV network connection status from wireless to wired.

## The Subwoofer volume is too low

- The original volume of the content you are playing may be low. Try adjusting the Subwoofer level. (See page 10.)
- Bring the Subwoofer speaker closer to you.

## If the TV is not connected via HDMI (ARC).

- Check whether the HDMI cable is correctly connected to the ARC terminal. (See page 17.)
- Connection may not be possible due to the connected external device (set-top box, game console, etc.). Directly connect the Soundbar.
- HDMI-CEC may not be activated on the TV. Turn on the CEC on the TV menu. (Samsung TV: Home (🏠) → Menu → Settings (⚙️) → All Settings (⚙️) → Connection → External Device Manager → Anynet+ (HDMI-CEC) ON)

## There is no sound in when connecting to the TV in HDMI (ARC) mode

- Your device is unable to play the input signal. Change the TV's audio output to PCM or Dolby Digital. (For a Samsung TV: Home (🏠) → Menu → Settings (⚙️) → All Settings (⚙️) → Sound → Expert Settings → Digital Output Audio Format)

## Soundbar will not connect via Bluetooth.

- When connecting a new device, switch to "Bluetooth Pairing" for connection. (Press the **PAIR** button on the remote control or press the **⏻ (Mic On/Off)** button on the body for at least 5 seconds.)
- If the Soundbar is connected to another device, disconnect that device first to switch the device.
- Reconnect it after removing the Bluetooth speaker list on the device to connect. (Samsung TV: Home (🏠) → Menu → Settings (⚙️) → All Settings (⚙️) → Sound → Sound Output → Bluetooth Speaker List)
- Remove and reconnect the power plug, then try again.
- Reset the product and try again. (For more information, refer to "Reset".)

### Sound drops out when connected via Bluetooth.

- Some devices can cause radio interference if they are located too close to the Soundbar. e. g. microwaves, wireless routers, etc.
- If your device that is connected via Bluetooth moves too far away from the soundbar, it may cause the sound to drop out. Move the device closer to the soundbar.
- If a part of your body is in contact with the Bluetooth transceiver or the product is installed on metal furniture, the sound may drop out. Check the installation environment and conditions for use.

### Soundbar will not connect to Wi-Fi.

- Check whether your wireless router is on.
- Turn off the router, turn it back on, and then try again.
- The soundbar will not connect if the wireless signal is too weak. Try moving the router closer to the soundbar, or eliminating any obstacles that are between the soundbar and the router, if possible.
- If your wireless router is new, you will need to reconfigure the speaker's network settings.

### The soundbar does not turn on automatically with the TV.

- When you turn off the Soundbar while watching TV, power synchronization with the TV is disabled. First turn off the TV.

### The AVA function is not available in the following cases.

- The AVA function will not be available using Q-symphony function.
- The AVA function will not be available when the microphone is turned off.

### After connecting the TV to the Soundbar, I switched the Soundbar mode. Then no sound is output from the TV.

- If you connect your Soundbar to a mobile device while the Soundbar is connected to the TV, the Soundbar outputs sound from the mobile device while keeping the TV connection. So the TV sound will not be delivered anywhere.
- Disconnect the mobile device, and the TV sound will be output from the Soundbar again.

# LIMITED WARRANTY TO ORIGINAL PURCHASER

This SAMSUNG brand product, as supplied and distributed by SAMSUNG and delivered new, in the original carton to the original consumer purchaser, is warranted by SAMSUNG against manufacturing defects in materials and workmanship for a limited warranty period of:

**One (1) Year Parts and Labor\***  
**(\*90 Days Parts and Labor for Commercial Use)**

This limited warranty begins on the original date of purchase, and is valid only on products purchased and used in the United States. To receive warranty service, the purchaser must contact SAMSUNG for problem determination and service procedures. Warranty service can only be performed by a SAMSUNG authorized service center. The original dated bill of sale must be presented upon request as proof of purchase to SAMSUNG or SAMSUNG's authorized service center. Transportation of the product to and from the service center is the responsibility of the purchaser.

SAMSUNG will repair or replace this product, at our option and at no charge as stipulated herein, with new or reconditioned parts or products if found to be defective during the limited warranty period specified above.

All replaced parts and products become the property of SAMSUNG and must be returned to SAMSUNG. Replacement parts and products assume the remaining original warranty, or ninety (90) days, whichever is longer.

SAMSUNG's obligations with respect to software products distributed by SAMSUNG under the SAMSUNG brand name are set forth in the applicable end user license agreement. Non-SAMSUNG hardware and software products, if provided, are on an "AS IS" basis.

Non-SAMSUNG manufacturers, suppliers, publishers, and service providers may provide their own warranties.

This limited warranty covers manufacturing defects in materials and workmanship encountered in normal, and except to the extent otherwise expressly provided for in this statement, noncommercial use of this product, and shall not apply to the following, including, but not limited to: damage which occurs in shipment; delivery and installation; applications and uses for which this product was not intended; altered product or serial numbers; cosmetic damage or exterior finish; accidents, abuse, neglect, fire, water, lightning or other acts of nature; use of products, equipment, systems, utilities, services, parts, supplies, accessories, applications, installations, repairs, external wiring or connectors not supplied and authorized by SAMSUNG, or which damage this product or result in service problems; incorrect electrical line voltage, fluctuations and surges; customer adjustments and failure to follow operating instructions, cleaning, maintenance and environmental instructions that are covered and prescribed in the instruction book; product removal or reinstallation; reception problems and distortion related to noise, echo, interference or other signal transmission and delivery problems. SAMSUNG does not warrant uninterrupted or error-free operation of the product.

THERE ARE NO EXPRESS WARRANTIES OTHER THAN THOSE LISTED AND DESCRIBED ABOVE, AND NO WARRANTIES WHETHER EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, ANY IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, SHALL APPLY AFTER THE EXPRESS WARRANTY PERIODS STATED ABOVE, AND NO OTHER EXPRESS WARRANTY OR GUARANTY GIVEN BY ANY PERSON, FIRM OR CORPORATION WITH RESPECT TO THIS PRODUCT SHALL BE BINDING ON SAMSUNG. SAMSUNG SHALL NOT BE LIABLE FOR LOSS OF REVENUE OR PROFITS, FAILURE TO REALIZE SAVINGS OR OTHER BENEFITS, OR ANY OTHER SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES CAUSED BY THE USE, MISUSE OR INABILITY TO USE THIS PRODUCT, REGARDLESS OF THE LEGAL THEORY ON WHICH THE CLAIM IS BASED, AND EVEN IF SAMSUNG HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. NOR SHALL RECOVERY OF ANY KIND AGAINST SAMSUNG BE GREATER IN AMOUNT THAN THE PURCHASE PRICE OF THE PRODUCT SOLD BY SAMSUNG AND CAUSING THE ALLEGED DAMAGE. WITHOUT LIMITING THE FOREGOING, PURCHASER ASSUMES ALL RISK AND LIABILITY FOR LOSS, DAMAGE OR INJURY TO PURCHASER AND PURCHASER'S PROPERTY AND TO OTHERS AND THEIR PROPERTY ARISING OUT OF THE USE, MISUSE OR INABILITY TO USE THIS PRODUCT SOLD BY SAMSUNG NOT CAUSED DIRECTLY BY THE NEGLIGENCE OF SAMSUNG. THIS LIMITED WARRANTY SHALL NOT EXTEND TO ANYONE OTHER THAN THE ORIGINAL PURCHASER OF THIS PRODUCT, IS NONTRANSFERABLE AND STATES YOUR EXCLUSIVE REMEDY.

Some states do not allow limitations on how long an implied warranty lasts, or the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusions may not apply to you. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state.

To obtain warranty service, please contact SAMSUNG customer care center.

The benefits of this Limited Warranty extend only to the original purchaser of Samsung products from an authorized Samsung reseller. THIS LIMITED WARRANTY SHALL NOT APPLY TO ANY SAMSUNG PRODUCTS PURCHASED FROM UNAUTHORIZED RESELLERS OR RETAILERS, EXCEPT IN STATES WHERE SUCH RESTRICTION MAY BE PROHIBITED. For a list of Samsung authorized retailers, please go to:  
[http://www.samsung.com/us/peaceofmind/authorized\\_resellers.html](http://www.samsung.com/us/peaceofmind/authorized_resellers.html).
