NOTES

Storage console features two cup holders and space to house remotes, magazines and other items
 Handle-activated recline system on the side of both arms allows you to manually adjust between sitting and reclining
 Pull-tufted, triple-divide back cushions support your back and have distinctive look
 Rounded pad-over track arms enhance comfort and provide additional forearm support
 Contoured seats with chaise pads for a comfortable, tailored look
 Built to last with our DualFlex Spring System™—sturdy steel ribbons attached to flexible coils that offer a wide range of motion and durability
 Attached back and seat cushions stay right where you want them, keeping you comfortable and your space tidy
 High-density cushions consist of a high-resiliency, high-density polyurethane foam core with a soft fiber wrap that ensures comfort as you sit and recline
 Available in durable, cleanable performance fabrics that will withstand everyday use by an active family
 Available in over 250 fabrics to suit any décor
 Removable backs allow for easy lifting and maneuvering through doorways
 Footrest easily lowers when you apply pressure in a downward motion
 The power control allows you to independently adjust the recline, headrest, and lumbar support.
 A separate home button returns the headrest, footrest, and lumbar support to their original positions with one touch.
 A USB port is included on the power control for powering electronics.
 Zero draw technology only uses power when the USB port is in use.
 Power allows you to smoothly recline to any position.
 A single USB port is included on each power button control on styles with arms.
 The power control allows you to independently adjust the recline and headrest.
 A separate home button returns the headrest and footrest to their original positions with one touch.

Power Recline, Headrest, & Lumbar

Hidden Power Button Control
 The power button control is located discreetly between the seat and arm for convenient operation.

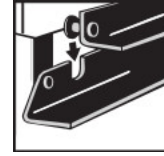

Power Recline & Headrest

Dimensions are in inches and are subject to variance.

Options are subject to change without notice.

Interlocking Brackets
Interlocking brackets securely attach one sectional component to another to prevent them from separating even when reclining.
