

Our GearTrack® Channels offer select-area coverage for precise organization. As the foundation of the Gladiator® Wall System, these channels allow you to securely store items off the floor. These 4 ft. (121.9 cm) channels can be used together or separately to best suit your storage needs. They are designed to handle extremes in heat, cold and humidity.

4' (121.9 cm) Wide GearTrack® Channels (2-Pack)
