160 x 77" / 407 x 195cm

4 seats straight (1/4/1)  
133 x 65" / 338 x 165cm

# MultiComfort

## Discover the next evolution in home theatre seating.

Create personalized comfort by adjusting multiple elements of your seat with MultiComfort technology. Power headrest and recline operate with independent motors for infinite positioning, with adjustable lumbar on select models providing an extra dimension of support.

Control every aspect of your seating with the touch of a button located on the cupholder, complete with a memory function that allows you to save the ideal position and return to it time after time. Additional convenience comes from the USB charging port and 7-colour, 3-intensity LED cupholder and ground lighting.

Select your favourite options and accessories to create the ultimate home theatre seating setup.

POWER LUMBAR

## Audio

The Audio collection is the picture of refined, contemporary style. The slender track arm and wallhugger technology save on space, while padded power headrests and chaise style seating deliver full support and relaxation. Seating features plush blown-fibre back cushions and high-resiliency foam seats. Further enhance your experience with LED lighting and an optional grommet system that supports a tray table, wine glass holder, tablet holder or LED flex light.
