NOTES

Power control independently adjusts the headrest and recline support for a personalized sit

A USB port is built into the power control for convenient charging

Home button returns the headrest and footrest support to their original positions with one touch

Built to last with our Blue Steel Spring—sturdy steel ribbons attached to flexible coils that offer a wide range of motion and durability

Pad-over armrests provide forearm support and comfort

Contoured seats provide hours of supportive comfort

Pull-tufted, triple-divide back has a distinctive look

Cushions consist of a high-density foam core that ensures comfort as you sit and recline

Removable back allows for easy lifting and maneuvering through doorways

Available in a wide variety of durable leather options to suit any decor

Also available in soft, durable, and family-friendly Kashmir fabric - designed to stay beautiful and comfortable for years to come

Center storage console features two cup holders and space to house remotes, magazines and other items

The power control allows you to independently adjust the recline and headrest.

A separate home button returns the headrest and footrest to their original positions with one touch.

A USB port is included on the power control for powering electronics.

Zero draw technology only uses power when the USB port is in use.
