NOTES

- Rocking motion enhances relaxation
- Power control independently adjusts the headrest, recline, and lumbar support for a personalized sit
- A USB port is built into the power control for convenient charging
- Home button returns the headrest, footrest, and lumbar support to their original positions with one touch
- Built to last with our DualFlex Spring System™—sturdy steel ribbons attached to flexible coils that offer a wide range of motion and durability
- Pad-over armrests provide forearm support and comfort
- Seat features divided chaise pad for added comfort and refined look
- The divided back cushion has a clean look and cradles the head, neck, and shoulders
- Cushions consist of a high-density foam core that ensures comfort as you sit and recline
- Removable back allows for easy lifting and maneuvering through doorways
- Available in a wide variety of select fabrics, including performance options, to suit your personal décor, style and family
- The power control allows you to independently adjust the recline, headrest, and lumbar support.
- A separate home button returns the headrest, footrest, and lumbar support to their original positions with one touch.
- A USB port is included on the power control for powering electronics.
- Zero draw technology only uses power when the USB port is in use.
