Test Reports may be included or listed by the manufacturing/inventory style number as opposed to the noted selling style number.

Features

Thoroughly Modern's colors and designs are intentionally suited for urban spaces and multi-family housing - anywhere people enjoy forward thinking decor. This collection features clean simple-grained woods like white oak and maple- alongside striations that are wood-like but don't represent a species. This design was created to avoid regional characteristics and works well for both west coast and east coast looks.
