Elite Security and Style with Power over Ethernet.

1080p HD Video  
with Color Night Vision

Motion Alerts  
with Video Previews

Two-Way Talk  
with Quick Replies

Customizable  
Privacy Settings

Power over  
Ethernet

Works with  
Alexa

### Reliable security with Power over Ethernet.

Power over Ethernet gives you the most reliable connection in smart home security, allowing you to stay online, maintain power, and get the highest quality HD video and audio right at your fingertips.

### Interchangeable Faceplates.

Choose one of four complimentary faceplates (included) to match your security to your home.

### Works with Alexa.

Connect Video Doorbell Wired with Alexa for hands-free monitoring and convenience. When your video doorbell detects motion, your Echo device or Fire TV device will alert you, so you always know who's there.

## Add-Ons

### Ring Elite Faceplate

Personalize your home security with a handcrafted bronze faceplate for Video Doorbell Elite. Combining old-world artistry, eco-friendly processes and American craftsmanship, this faceplate lets you add some style to your smart home security.

### Voice Assistant

Enjoy hands-free home monitoring with select Alexa-enabled devices. Hear custom notifications and use two-way talk with audio-only Echo devices, and launch video with Echo Show, Fire TV and Fire Tablets.

### Ring Power over Ethernet Adapter (2nd Gen)

Provides power and a reliable, hardwired internet connection for Video Doorbell Elite in homes that don't already have a PoE connection. Simply connect the Power over Ethernet Adapter to your Ring device, a router or ethernet network, and a power outlet for nonstop power and a reliable connection that you can trust.

## Frequently Asked Questions

### What are the benefits of Power over Ethernet?

Power over Ethernet (PoE) provides a more reliable and consistent power and connection to your Video Doorbell Elite. With PoE, you'll never have to worry about charging a battery, and it connects to your router via an ethernet cable so you never have to worry about Wi-Fi dead spots or wireless interference. It's our most reliable way to keep your device powered and connected to the internet.

### What's Ring Protect?

Ring Protect is a comprehensive service that activates video recording and photo capture, saving and sharing for your Ring doorbell or camera, plus a few perks. Visit [ring.com](https://ring.com) to learn more about Ring Protect.

### Do I need Ring Protect to use Video Doorbell Elite?

No. You can still use your doorbell or camera to watch over your home and answer the door from anywhere, even without a subscription to Ring Protect. Without Ring Protect, you'll still receive real-time notifications when anyone comes to your door, and you can answer the notifications to see, hear and speak to visitors in real time right from your mobile device.

However, without a subscription to Ring Protect, you won't be able to review any videos that you missed in real time, and you won't be able to save your videos or share them with anyone. Visit [ring.com](https://ring.com) to learn more about Ring Protect and to choose a plan that works for you.
