Visitors or packages, see what matters.

See more of who stops by and check in on package deliveries down low with Head-To-Toe HD+ Video in 1536p. Then, get notifications when a package is detected within the specified zone with new Package Alerts, an exclusive Ring Protect subscription feature.

The best motion detection on the block.

Pinpoint motion and distance with 3D Motion Detection. Set motion perimeter up to 30 feet away and know exactly when and where someone steps onto your property. With Bird's Eye View, get an aerial view of your yard to see where visitors went or if someone's hanging around.

Let Alexa get the door.

Can't get the door? We've got you covered. With built-in Alexa Greetings, an exclusive Ring Protect subscription feature, Pro 2 automatically greets anyone who stops by, lets delivery drivers know where to leave packages, and records detailed video messages, all on its own.

Frequently Asked Questions

What is the benefit of 3D Motion Detection?

3D Motion Detection provides more reliable motion alerts and reduces notifications that may be unnecessary or unhelpful. The radar sensor that powers 3D Motion Detection also has benefits such as: better detection of objects approaching head-on, better able to define detection distance, decreases false positives while still providing timely alerts.

What is Bird's Eye View?

Powered by radar and 3D Motion Detection, Bird's Eye View provides an aerial map view of motion events in front of the doorbell and clearly shows the path that visitors take when visiting the property giving more context by being able to see where a motion event begins.

What is Ring Protect?

Ring Protect is a comprehensive optional subscription service that lets you review, share and save every video and photo captured by your Video Doorbell Pro 2, plus a few extra perks. To compare and learn more about Ring Protect visit ring.com to choose a plan that works for you.

Do I need Ring Protect to use Video Doorbell Pro 2?

No. You can still use your doorbell or camera to watch over your home and answer the door from anywhere, even without a subscription to Ring Protect. Without Ring Protect, you'll still receive real-time notifications when anyone comes to your door, and you can answer the notifications to see, hear and speak to visitors in real time right from your mobile device.

However, without a subscription to Ring Protect, you won't be able to review any videos that you missed in real time, and you won't be able to save your videos or share them with anyone. Visit ring.com to learn more about Ring Protect and to choose a plan that works for you.
