Customizable
Privacy Settings

Works
With Alexa

Note: Video Doorbell Wired does not sound your existing doorbell chime.

To hear audio alerts in your home, pair with a Ring Chime or compatible Alexa device.

Stay in-the-know wherever you are.

Get notified in real-time when visitors press your doorbell or trigger the built-in motion sensors. Adjust motion settings to filter out motion on a busy street or at a neighbor's house and receive only the alerts you care most about.

See who's there, day or night.

See, hear and speak to anyone at your front door from phone or tablet in 1080p HD video. Night vision with sharp contrast ensures you'll never miss a detail - even in the dark.

Works with Alexa.

Connect Video Doorbell Wired with Alexa for hands-free monitoring and convenience. When your video doorbell detects motion, your Echo device or Fire TV device will alert you, so you always know who's there.

Add-Ons

Ring Chime

Hear notifications anywhere in your home when someone presses your doorbell or motion is detected. Plus, the sleek design blends right into any room.

Voice Assistant

Enjoy hands-free home monitoring with select Alexa-enabled devices. Hear custom notifications and use two-way talk with audio-only Echo devices, and launch video with Echo Show, Fire TV and Fire Tablets.

Ring Wedge Kit

Achieve your ideal setup with the Wedge Kit. For a better view and improved motion detection, mount your Video Doorbell Wired flat against angled siding, or if your door is near a staircase, at an angle.

Frequently Asked Questions

Does Ring Video Doorbell Wired connect to my existing doorbell chime?

While Ring Video Doorbell Wired connects to the existing doorbell wiring for constant power, it **does not** sound the existing doorbell chime. To continue hearing audio alerts in your home, pair Video Doorbell Wired with a Ring Chime or a compatible Alexa device.

Can Ring Video Doorbell Wired operate on battery power?

No, Ring Video Doorbell Wired is a hardwired doorbell and requires an existing doorbell system, Ring Plug-In Adapter or transformer for power supply with 10-24 VAC, 40VA max, 50/60Hz or 24VDC, 0.5A, 12W. No halogen or garden-lighting transformers.

What is Ring Protect?

Ring Protect is a comprehensive service that activates video recording and photo capture, saving and sharing for your Ring doorbell or camera, plus a few extra perks.

Do I need Ring Protect to use Video Doorbell Pro?

No. You can still use your doorbell or camera to watch over your home and answer the door from anywhere, even without a subscription to Ring Protect. Without Ring Protect, you'll still receive real-time notifications when anyone comes to your door, and you can answer the notifications to see, hear and speak to visitors in real time right from your mobile device.

However, without a subscription to Ring Protect, you won't be able to review any videos that you missed in real time, and you won't be able to save your videos or share them with anyone. Visit ring.com to learn more about Ring Protect and to choose a plan that works for you.
