

# SPL5QLCR **SOUNDBAR**

5" FULL-RANGE LCR SOUNDBAR - 3.5" DEPTH

Size 5.75 h x custom w x 3.5 d (in)  
146 h x custom w x 89 d (mm)

Freq Response 65Hz-24kHz±3dB

Impedance 4 / 8 ohms/Channel

Sensitivity 89dB 2.83V /1m

Power req. 25-150W/Channel

Woofer (6) 5.25" (133mm) Aluminum

Tweeter (12) 0.75" (19mm) Aluminum

Finishes STUDIOBK, STBK, GLBK, DKT1,  
LITI, MRSLV

Brackets PL-B-CUSTOM (Ordered Separately)

COLOR CODES:

Studio Black (STUDIOBK)

Satin Black (STBK)

Gloss Black (GLBK)

Dark Titanium (DKT1)

Light Titanium (LITI)

Mirror Silver (MRSLV)

## (6) 5.25" (133mm) Aluminum Cone Woofers (12) 0.75" (19mm) Aluminum Dome Tweeters in Quad-Arrays

The SPL5QLCR SoundBar sets new levels in sound output and wide frequency response. James Loudspeaker has taken their proprietary quad-tweeter technology from the BE reference series and scaled it down to a compact array of four 0.75" (19mm) aluminum dome tweeters to provide a wide dispersion angle. When combined with James' high output 5.25" (133mm) woofers, the SPL5QLCR has a remarkable 89dB sensitivity with bass down below 65Hz, delivering high efficiency, low distortion, and crisp clear audiophile sound. Designed as a left, right, and center channel, the SPL5QC is perfect for any 3 channel system application.

The cabinet design features all aircraft grade aluminum for strength, sonic performance, and suitability for outdoor/marine applications. Complete with a custom fit and colored stainless steel perforated grille, this SoundBar mounts directly to any TV. James custom fits each SoundBar to fit your TV perfectly to seamlessly integrate this speaker into any entertainment system, delivering a subdued visual effect, designed to be as unobtrusive as possible. Also available for wall mounting or configurable for other custom applications, this SoundBar combines high quality audio with elegant design for the perfect home entertainment solution.

Brackets ordered separately. For outdoor/marine applications, order the SPL5QLCRM.
