Requirements

Compatible mobile device (minimum OS requirements are available at g.co/nest/requirements).

Nest Cam requires a Wi-Fi network, a working broadband internet connection with at least 2 Mbps upload speed per camera for optimal performance (DSL may not qualify), a compatible mobile device, the free Home app, and a Google Account.

Works with Hey Google features require additional hardware (sold separately), which could include a Google Nest device.

Minimum requirements are available at g.co/nest/requirements.

Video streaming, phone alerts, and history may be subject to interruptions or failures for reasons beyond Google's control, like intermittent Wi-Fi or service provider outages.

Nest Cam does not provide third-party monitored emergency notification or response.

Availability and performance of certain features and services are service-, device-, and network-dependent and may not be available in all areas.

Subscription(s) may be required, and terms, conditions, and/or charges may apply.
