Signature Features

DARING OBSIDIAN FINISH INTERIOR

Inspired by volcanic glass, this industry-exclusive dark finish draws attention with high-contrast style. Fine foods and fresh produce emerge like vibrant art, with LED lighting showcasing your ingredients against the alluring interior.

PRECISION TEMPERATURE MANAGEMENT™ SYSTEM WITH DUAL COMPRESSORS

Sensor-controlled dual compressors manage the climate in the refrigerator and freezer, helping to keep your ingredients at their ideal preservation temperatures. The smooth-running refrigerator avoids abrupt start and stop cycles to maintain quiet tranquility in your space.

TWINFRESH™ CLIMATE CONTROL SYSTEM

TwinFresh™ Climate Control System helps to keep ingredients fresh by eliminating shared air between the refrigerator and freezer. This system creates two distinct environments ideal for different food preservation needs.

MULTI-POINT LIGHTING WITH FULL-WIDTH CANOPY LIGHTING

Illuminate food items against the Obsidian finish interior with multiple LED lights that enhance visibility. Multi-Point Lighting includes lights along the side and bright Full-Width Canopy Lighting throughout the interior to showcase fresh, vibrant ingredients.

SOLID GLASS AND METAL

Each drawer, shelf and door bin in the refrigerator is made of solid glass and metal that is naturally odor-resistant. To hell with cheap plastic in luxury door bins, shelves and liners.

SOFT-CLOSE CRISPER DRAWERS

Each crisper drawer within the refrigerator smoothly opens and closes quietly, even while fully loaded with produce and fresh ingredients.

FULLY FLUSH & INTEGRATED DESIGN WITHIN 25" DEEP CABINET
