\*\*\*NOTE: THIS PARTS LIST APPLIES FOR HEADBOARD ONLY USE. FOR COMPLETE BED PURCHASE, SEE PAGE SIX FOR COMPLETE PART LIST AND ASSEMBLY INSTRUCTIONS.

## Step 1.

Lay headboard face down on a soft surface. Add Spring Washer (Part 2) and then Flat Washer (Part 1) to Bolt (Part 4). Add Connection Bar (Part C) as shown below to both sides of the headboard. Note that the red arrow on the connection bar should be facing toward the top of headboard. Attach Left & Right Legs to the headboard as shown. Before tightening completely, make sure that the legs are flush with the edges and bottom of the headboard.

## Step 2.

Align bed frame with pre-drilled holes of headboard legs. Add Flat Washer (Part 1) to Bolt (Part 3). Insert bolts through the headboard legs. Add Flat Washer (Part 1) then Spring Washer (Part 2) and Nut (Part 7) and tighten using Allen Key (Part 8) and Wrench (Part 6).

## Step 1.

Lay headboard face down on a soft surface. Add Spring Washer (Part 2) and then Flat Washer (Part 1) to Bolt (Part 4). Add Connection Bar (Part C) as shown below to both sides of the headboard. Note that the red arrow on the connection bar should be facing toward the top of headboard. Attach Left & Right Legs to the headboard as shown. Before tightening completely, make sure that the legs are flush with the edges and bottom of the headboard. Add Headboard Support Leg (Part E) using Bolt (Part 9), Spring Washer (Part 2), and Flat Washer (Part 1) as shown. Tighten all bolts completely.

## Step 2.

Insert Wood Dowel (Part 10) into Wood Leg (Part G). Add Spring Washer (Part 2), and Flat Washer (Part 1) to Bolt (Part 8). Use Allen Key to attach the legs to the footboard.

**Step 3.** Add Spring Washer (Part 2), then Flat Washer (Part 1) to Bolt (Part 9). Insert bolts into the metal bracket on the headboard legs. Do not tighten completely. Repeat this step adding bolts to the left and right sides of the footboard.

**Step 4.** Attach Side Rails (Part M) to the headboard and footboard as shown.

## Step 5.

Add Spring Washer (Part 2), then Flat Washer (Part 1) to Bolts (Parts 4 & 9). Using the Allen Key (Part 5), attach the Center Rail (Part J) to the Headboard Support Leg (Part E) and Footboard as shown. Tighten completely.

## Step 6.

Add Spring Washer (Part 2), then Flat Washer (Part 1) to Bolt (Part 5). Attach Center Rail Support Legs (Part F) as shown. Tighten completely.

**Step 7.** Add Flat Washer (Part 1) to Bolt (Part 11). Attach Flat Slats (Part H) as shown using Wing Nuts (Part 12) and Allen Key (Part 13). Tighten completely.

**Step 8.** Insert the ends of Curved Slats (Part I) into Center Plastic Connector (Part K) and End Caps (Part L). Repeat this step for all Curved Slats.

**Step 9.** Attach the Curved Slats pressing the Center Plastic Connectors and End Caps firmly into place.

Congratulations! You are finished.
