- Matching dining group is available.

Carpenter

SIDE PIER | 6722-069

28"W x 18"D x 68"H

Industrial construction inspired by vintage workbench design.

Drawing inspiration from vintage workbenches, the Carpenter side pier is constructed of reclaimed wood planks and hand-worked metal frames. Exposed bolt heads underscore the aged, oiled finish that resembles an industrial steel framework. Whether on its own or used to add additional storage to coordinating pieces, this side pier adds character and personality to any room.
