

# SCN60 – 60 lb Nugget Ice Machine

## Brilliance® Under-Counter Nugget Ice Machine

## **Features**

15" cabinet width, produces up to 80 lbs. of nugget ice in 24 hours. Stores up to 26

Nugget ice is made from bits of compacted ice that are soft, chewable and absorb the flavor of the beverage.

Uses 40% less energy and more than 50% less water than stand-alone, dedicated ice machines.

Designed with sleek styling and virtually disappears when installed with a custom wood front that matches surrounding cabinetry. If a custom wood front panel is not used, then stainless will be the finishing option.

Outdoor approved.

Lighted bin and self-closing door.

User-friendly control panel informs whether power is on, alerts a no-water condition, and a time to clean reminder.

Available with built-in drain pump

Protected with AgION®, a silver-based antimicrobial compound molded into key ice machine components in order to guard internal surfaces between cleanings.
