

The Midea 18-cu. ft. top-mount refrigerator truly shines in its efficiency. The unit boasts a large 13.99-cu. ft. capacity in the refrigerator and 4.06-cu. ft. capacity in the freezer. Features such as adjustable glass shelves and door bins help organize the space to your liking. The two humidity-controlled crisper drawers will keep your produce and other perishables fresh, and the gallon door bins allow for easy placement of large containers. The full-width wire freezer shelf gives you a way to organize items better so you can find food quickly, and the optional ice maker eliminates the pesky need for refilling ice cube trays. With its Energy Star rating, the unit helps keep food and drinks cool, while helping you to save money. This high efficiency unit can be a quality, innovative addition to your kitchen.

Adjustable Glass Shelf

- Concerned about your lemonade pitcher being too tall? No problem. Midea's adjustable glass shelf can be changed to various heights, solving all of your organizational needs.

Automatic Defrost

- No need to worry about frost in your new refrigerator. The frost-free design keeps foods fresh without the need to regularly defrost the unit.

Electronic Temperature Control

- You can rest easy with the electronic temperature controls on Midea's top mount refrigerator. The efficient temperature detector tracks even small changes in your refrigerator and automatically adjusts the cooling system, bringing the unit back to the correct temperature.
