

DS90PRO (0000046) - 90 Degree Door Stop Hinge Pins

CONTAINS:

<u>QUANTITY</u>	<u>DESCRIPTION</u>
2	Pins, Hinge 90 Degree Stop
1	Instructions

PROCEDURE:

1. Open grille (See figure 1).
2. Open door to about 45 degrees (See figure 2), then lift door off of hinge pins.

⚠ WARNING

DOOR IS HEAVY! IF IT WERE TO FALL, IT COULD CAUSE SERIOUS PERSONAL INJURY!

⚠ CAUTION

Hinge pins may fall out when door is lifted.

3. Remove hinge pins (See figure 3).
4. Install new 90-degree stop hinge pins into cabinet hinges (See figure 4).

NOTE: To aid in re-installation of door, make sure to rotate hinge pins fully counterclockwise on refrigerator hinges and clockwise on freezer hinges.

5. Reinstall door.
