

# Powerful suction, cordless convenience and the long-lasting cleaning power of LG Kompessor™ technology

Chances are you'll run out of energy long before this powerful LG CordZero™ vacuum does. Kompessor™ technology compresses dirt and dust so you can keep cleaning instead of stopping to empty the dust bin. Two rechargeable, detachable batteries deliver up to 120 minutes\* of uninterrupted cleaning performance. The portable stand can store and charge anywhere—all without drilling holes into your wall.

#### Power & Performance

CLEAN MORE, EMPTY LESS AND OUR MOST POWERFUL MOTOR YET

#### Uninterrupted Cleaning

GET UP TO 120 MINUTES\* OF RUN TIME WITH TWO QUICK-RELEASE BATTERIES

#### Flexibility & Convenience

PORTABLE CHARGING STAND LETS YOU STORE AND CHARGE ANYWHERE

Available in:

Iron Grey

Easily clean carpets, hard floors, stairs, furniture and more with the convenient, go-anywhere cordless design and array of useful attachments

\*In normal mode without Power Nozzles using two batteries.

Power & Performance

CLEAN MORE, EMPTY LESS AND OUR MOST POWERFUL MOTOR YET

- LG Smart Inverter Motor™ provides our best suction power\* across a range of floor types—and is backed by a 10-year limited warranty for lasting peace of mind
- Kompressor™ technology more than doubles bin capacity compared to previous models with a press of the lever, so you can keep cleaning instead of stopping to empty the dust bin
- Easier to empty when the bin is full, with less mess and scattered dust

\*Among LG's cordless stick vacuums.

Uninterrupted Cleaning

GET UP TO 120 MINUTES\*\* OF RUN TIME WITH TWO QUICK-RELEASE BATTERIES

- Two rechargeable, detachable batteries let you clean and charge at the same time for up to 120 minutes\* of uninterrupted performance
- Upgraded lithium-ion batteries are designed to take repeated charges and come back for more

\*\*In normal mode without Power Nozzles using two batteries.

Flexibility & Convenience

PORTABLE CHARGING STAND LETS YOU STORE AND CHARGE ANYWHERE

- You decide where and how to store your LG CordZero™ vacuum—self-standing design maintains a low profile in any room but may also be wall mounted
- Keeps accessories neatly organized and within easy reach
- Charge the second battery right on the stand, at the same time you're storing the vacuum and accessories

# Additional Features

**One-Touch Control**

## EASY CLEANING WITH JUST A TOUCH

- One-touch control lets you turn the vacuum on and off or select different power levels with just a touch
- Makes cleaning more comfortable, with less strain on your hand

**Telescopic Wand**

## EXTEND YOUR CLEANING REACH

- Get an additional 9.5" of cleaning reach for tall or hard-to-reach areas with a click of the adjustable, telescopic wand
- Makes it easy to adjust the vacuum to a comfortable height for any user
- Quickly return the wand to its original length for compact storage

**Washable Cyclone & Filters**

## EASY MAINTENANCE

- Removable, washable cyclone and filters help extend vacuum life, unlike other vacuums that only let you remove the filter
- Easily maintain good airflow and help keep the vacuum running at its best
- Use the ThinQ® app to access step-by-step guides for cleaning the filters and set up smartphone reminders for routine maintenance

**Power Punch Nozzle**

## DEEP CLEAN HIDDEN DUST

- Vibrating attachment uncovers and removes hidden dust from all kinds of surfaces
- Perfect for furniture, mattresses, decorative pillows and more

**5-Step HEPA Filtration System**

## FILTERS OUT DUST, DIRT AND ALLERGENS

- Keep dust where it belongs with the 5-step HEPA filtration system
- Helps filter 99.9% of dust\* by separating particles in the dust bin and then later filtering fine dust, pollen and pet dander

\*Based on third-party testing according to standard ASTM F1977-04, in Turbo mode.
