

AW442760
400 series wall hood
Stainless Steel
Width 63 "(160cm)
Air extraction / recirculation
Comes without blower. (Chose from AR400743 internal, AR400742 inline or AR401742 remote blower.)
Duct cover not included. Must be ordered separately.

Professional technology hood combined with classic Gaggenau design
Highly efficient extraction of cooking vapors due to large vapor collection area
Comes without blower, can be combined with Gaggenau's highly performing and highly efficient brushless DC (BLDC) blowers
Angled baffle filter with high grease absorption level
Automatic function, sensor-controlled power adjustment depending on the build-up of cooking vapors
Air extraction or recirculation system
Recirculation kit with activated charcoal filters: quiet and highly efficient recirculation solution with odor reduction as in air extraction mode, and long replacement intervals

Output
For CFM information, refer to the blower overview in the Models & Dimensions catalog.

Features
Three electronically controlled power levels and an intensive mode.
Automatic function with sensor-controlled delayed shut-off function.
Grease filter saturation indication by flashing light
Baffle filter, dishwasher-safe.
Lamp output 4 x LED light bars 10W. Illuminance 1010 lx.
Easy mounting system for simple installation and alignment.

Planning notes
To chose the correct blower for either extraction or recirculation, refer to the blower overview in the Models and Dimensions.
The two-part duct cover must be ordered as a separate installation accessory.
Connection to the respective appliances via network cable.
Minimum clearance above gas cooktops 30 inch.
Minimum clearance above electric cooktops 18".
Air recirculation kit with 2 activated charcoal filters is installed in the inner duct cover. Special recirculation duct covers are available.
When installing a ventilation hood with air extraction mode and a chimney-vented fireplace, the power supply line of the ventilation appliance needs a suitable safety switch.

Rating
Total rating: 50 W.
Total Amps: 15A.
120 V / 60 Hz.
Connecting cable 35,4" with plug.
