### Full visibility

Monitor the entire cooking process at a glance from anywhere.

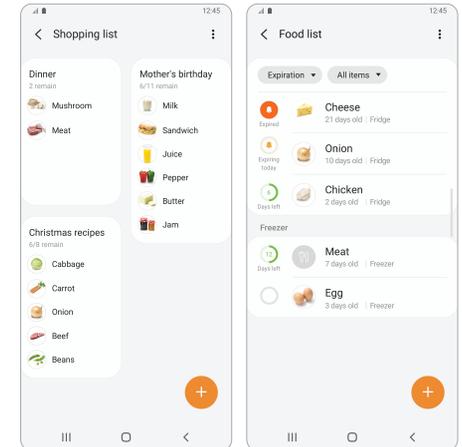

## Convenient grocery shopping 03

### Always one step ahead

No missing ingredients with one-touch grocery shopping lists.

### Seamless shopping

Directly order groceries from Amazon Fresh.

# Set up and use the SmartThings app

## ✓ Before you begin

1. Download the SmartThings App (Google play/ or App Store), and sign in with your Samsung account.

2. Connect to a Wi-Fi network on your phone before adding devices.  
\*Your Wi-Fi must be a **2.4 GHz network**, and must have **English letters and numbers** in the network name.  
\*It's recommended that you turn off mobile data until you've completed setup.

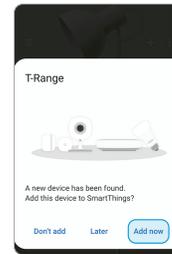

## ✓ Add Devices

### With 'QR code'

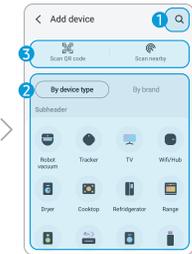

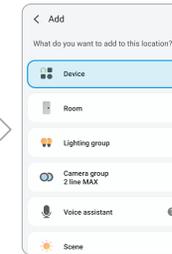

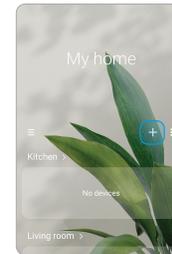

Scan the QR code on the device you want to add.

### From 'the SmartThings app'

If SmartThings automatically found your device, tap **Add now** on the pop-up.

If a pop-up doesn't appear, there are three ways you can add your device.

- 1 Search for the **model name**.
- 2 Select the **device type** from the list.
- 3 Scan the **QR code** on the device or **scan nearby**.

## ✓ Do more with SmartThings

Take full control of your kitchen with SmartThings Cooking. From grocery shopping to guided cooking, enjoy a personalized kitchen experience.

Monitor and control your devices from anywhere.
