Energy Star and ISO14001 Certified:

The Smeg production process is carefully managed in order to keep the impact upon the environment as low as possible. The process is checked and certified by Independent International bodies IQNET and CISQ (Smeg complies with the standard ISO14001). All Smeg dishwashers are ENERGY STAR qualified. Energy efficiency is important to Smeg and our technicians are constantly working to keep the energy, and water, consumption of each dishwasher as low as possible. ENERGY STAR certified products use less water than conventional dishwashers, and approximately 40% less energy than the federal minimum standard for energy consumption. By choosing an ENERGY STAR certified product you are helping to preserve the environment without compromising on product quality or performance.
