

5 SERIES MOTORIZED

SLATE 1.2/.85 - PURE GRAY 1.3/.85 - MAESTRO 1.1/.85

SUGGESTED SPECIFICATIONS: projection screen(s), (H) x (W). Screen Innovations 5 Series Motorized projection screen is 100% custom with a viewing width up to 185" and 212" on aspect ratio of 2:30:1 customizable in 1" increments. 5 Series Motorized offers our new 8k and 4K screen materials including the latest in acoustically transparent. 5 Series Motorized is available as an external self-contained unit, with either wall or ceiling mounting capability. This gives you the versatility to mount your screen where you see fit. It comes standard with 24" of drop up to 48". The external unit is available in black or white with a curved front fascia. 5 Series Motorized is also available in a flush mount, mail slot, system allowing the screen to disappear into the ceiling. This is especially useful for environments like a living room or conference room where you want the screen to completely disappear when not in use. All 5 Series screens include dependable Somfy motors, switches, and controls. The motor limits are simple to set up and operate with all included controls—Wall Switch, IR Receiving Eye, IR Remote Control, and Low Voltage Trigger. All 5 Series Motorized screen materials are precision cut on computer-driven fabric tables, enabling all screens to be cut with ease and repeatability. Custom sizes and drops are not a problem, and the screen is available in four different viewing orientations (e.g. Reverse Roll, Reverse View, etc.) at no extra charge. A new tab system limits traditional repeat marks found on most screens.

PRODUCT NOTES

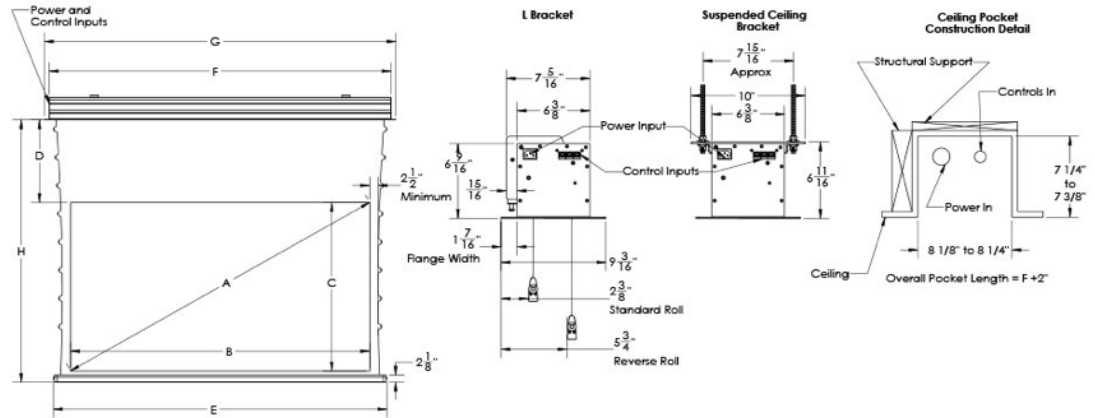

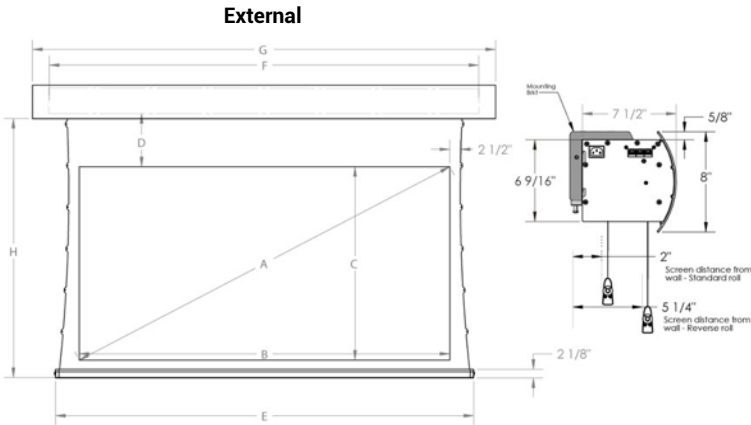

- All screens standard with 24" black drop at the top. Extra drop is available, however may alter case dimensions.
- Aspect ratios Available: 16:9, 16:10, 2:35:1
- All screens standard with wall switch, IR Remote, and low voltage trigger.
- Available in 1" increments.
- For dimensions not listed, please see our online screen calculator. <http://www.screeninnovations.com/tools/screen-calculator/>

MATERIAL INFORMATION

- All surfaces will be seamless.
- Maestro materials will come with removable black woven backer.

WHEN ORDERING, MARK APPROPRIATE SELECTIONS

1. Select Size from Charts.
2. Select Screen Material:
 - Slate .8 (4K)
 - Pure Gray .85 (8K)
 - Slate 1.2 (4K)
 - Maestro Gray .85 (4K)
 - Pure White 1.3 (8K)
 - Maestro White 1.1 (4K)
3. Select Optional Accessories
 - Black Fascia Color (External Only)
 - 36" Black-drop
 - 48" Black-drop
 - RS232/485 Control & Cable
 - RF Control & Receiver
 - Suspended Ceiling Bracket (Flush Mount Only)
 - Pigtail
 - 220v Motor
 - Orientation B (Reverse Roll/Standard View)
 - Orientation C (Standard Roll/Reverse View)
 - Orientation D (Reverse Roll/Reverse View)
