

Deluxe 15 cu.ft. Frost Free Refrigerator

Engineered to Perform

MFF150 | 15 cu.ft. Frost Free Refrigerator/Freezer

INVERTER TECHNOLOGY

An inverter is used to control the speed of the compressor making it considerably more efficient and quieter than traditional compressors. The inverter compressor operates at varying power delivering consistent, efficient cooling with reduced energy consumption.

- 1 Reversible Door**
- 2 Multi Air Flow**
Fast and even cooling for optimized freshness
- 3 Bright LED lighting**
- 4 Convenient chrome hanging wine rack**
- 5 3.5 tempered glass shelves**
- 6 Adjustable clear bins**
- 7 Humidity controlled transparent crisper**

	MFF150W
Configuration	Top Mount Refrigerator
Total Capacity	14.5 cu.ft.
Defrost Type	Frost Free Refrigerator
Multi-air-flow	Yes - Circulates the air through multiple placed vents
Vegetable / Fruit Crisper(s)	Full width (clear) with tempered glass cover
Tempered Glass Shelves	3 adjustable tempered glass shelved
Reversible Door	Yes
Wine Rack	Yes-2 bottle chrome hanging
Freezer Convenient	Removable glass freezer shelf with Multi-air-flow
Interior Light	Bright and energy efficient LED Interior Light
Colour	White on white (W)
Dimensions (WxDxH)	27 9/16" x 27 9/16" x 66 1/8"
