BLACK[®]

HYBRID

KEY FEATURES

BLACKICE™ GRAPHITE MEMORY FOAM

Hyper conductive graphite is paired with conforming Memory Foam to create a cooler more comfortable night's sleep.

BLACKICE™ LATEX FOAM

This naturally produced foam contours to your shape to ensure you are supported throughout the night, all while being incredibly breathable to keep you cool, enhancing overall comfort.

◆ CONTOURFIT™ STRETCH-KNIT DESIGN

Exclusively found in Beautyrest Hybrids, ContourFit™ Design, stretches with you throughout the night, bringing your body closer to pressure relieving memory foams.

◆ AIRCOOL® GEL MEMORY FOAM

This open-cell memory foam breathes better than traditional foams preventing unwanted heat build-up when you sleep.

◆ T3 POCKET COILS

Found only in Beautyrest Black, our triple steel coil provides the best support and durability.

BLACKICE+ SYSTEM

Featuring two (2) or more cooling technologies within the Beautyrest Black Line.
