

AMERICAN RANGE

QUALITY COOKING EQUIPMENT

VILLA SERIES

WARMING DRAWERS

ARR-36WD

FEATURES

- Electronic controls hidden behind the front panel are kitchen-design friendly
- One-touch presets, adjustable drawer temperatures and on-times
- Easy-to-read digital display of time and temperature simplifies programming
- Automatic shut-off at end of cycle helps save energy
- Adjust, Add and Remove function keys make memory programming easy
- Sabbath mode for up to 84 hours of hands-free operation
- Four radiant heaters take the drawer from 70°F to 140°F in 4 minutes and to 190°F in 9 minutes
- Heaters are easy to replace and unit continues to function, creating a "safe-landing" should one or more heaters fail during operation
- Two convection fans hold the drawer at a uniform temperature to +/- 1°F accuracy
- Drawer capacity is proportional to product width, larger models have a larger drawer (30" and 36" only)
- Best quality Triple-Play cabinet slides keeps the drawer from wobbling, even when fully open
- Low sides on drawer make loading and unloading easy and clean-up a snap
- Integrated model available (IRWD) so you can use a custom matching drawer front and handle to blend in with your kitchen cabinets.

SPECIFICATIONS

- Electronic control of time and temperature
- Standard kitchen cabinet widths
- Three-slides on the drawer for increased stability
- Timed, Continuous and Sabbath modes
- Four infrared heaters & two convection fans standard in all models
- Design protected under U.S. Patent 7,166,821

CUSTOMIZE YOUR WARMING DRAWER

Pick any RAL color for the color that best suits your lifestyle.

See ralcolorchart.com for color options for the front panel & toe kick and/or knobs.
