

PRODUCT HIGHLIGHTS

- Sleek and seamless, these speakers are a fantastic, clutter-free solution for adding extra dimension to your home entertainment.
- They pair and sync easily with compatible soundbars for a hassle-free installation process.

With dedicated up-firing speakers totaling 2.0.2 channels, the Samsung SWA-9500S wireless rear speaker kit will elevate your Dolby Atmos surround sound to the next level.

KEY FEATURES

FULL WIRELESS SOLUTION

Connect the fully wireless SWA-9500S rear speaker kit to your soundbar without separate modules.¹

WIRELESS DOLBY ATMOS SURROUND SOUND READY

Connect easily and wirelessly to optional Samsung speakers for room-filling sound.²

¹The wireless module requires a power cord to function and speaker cables to connect to rear speakers.
²Compatible with select 2021 and 2020 soundbar models.
