

# Avalon Floor Clock 611220

Add elegance to the living room with the Avalon wooden grandfather clock. It plays melodic chimes for a soothing sound, and it has a chrome-finish grid pendulum to add visual interest to your space.

**Made in the USA:** This sophisticated timepiece is made in the USA from select hardwoods and veneers. The Espresso finish coordinates with any decor, while the chrome accents impart an upscale touch. Floor levelers on the bottom of this clock provide stability on carpet or uneven floors.

**Refined Style:** Inside the illuminated case are chrome-finish decorative weight shells and a grid pendulum. Another elegant feature is the gloss white dial, which has black hour markers, hands, and minute track. A chrome-finish bezel accentuates the dial for a stylish look.

**Customizable Chimes:** Chose from Westminster or Ave Maria chimes, which sound on the hour with a strike with chimes on the quarter hours. You can also set this floor clock to Westminster chime and strike on the hour only or the Bim Bam chime on the hour only.

**Quartz Movement:** This wooden grandfather clock has quartz movement and requires four C sized batteries.
