NOTES

Contemporary look with clean lines, sleek arms and intricate cross-stitching
 Built to last with our DualFlex Spring System—sturdy steel ribbons attached to flexible coils that offer a wide range of motion and durability
 Power controls on either side independently adjust the headrest and recline for a personalized sit
 Separate home buttons on either side return the headrest and footrest to their original positions with one touch
 Attached seat and back cushions stay neatly in place and ensure a lasting, comfortable sit
 High-density cushions consist of a high-resiliency, high-density polyurethane foam core
 Choose from polyester fabric or leather for a high-quality look that will hold up in the most demanding environments
 USB port built into power control for convenient charging
 Center console stores remotes, magazines, and other personal items
 Two beverage holders keep refreshments close at hand
 Separate home buttons on each side return the headrest and footrest to their original positions with one touch
 Choose from polyester fabric or leather/vinyl match for a high-quality look that will hold up in the most demanding environments
 Power control independently adjusts the headrest and recline for a personalized sit
 Separate home button returns the headrest and footrest to their original positions with one touch
 The power control allows you to independently adjust the recline and headrest.
 A separate home button returns the headrest and footrest to their original positions with one touch.
 A USB port is included on the power control for powering electronics.
 Zero draw technology only uses power when the USB port is in use.
