Performance

PERFECT BAKING AND ROASTING FOR MEALS THAT MATTER MOST

- LG ProBake Convection® ranges offer the gold standard in convection technology, for meats roasted to perfection and even baking on every rack, every time*
- Inspired by pro-style ranges, the powerful 2.5kW element with dual-speed fan evenly distributes super-heated air, minimizing hot and cold spots for mealtime perfection that never disappoints—once you try it, you'll never go back
- Models with Infrared Heating™ cut up to 20% off of your cooking time** with no preheating while locking in juices and achieving that characteristic seared flavor

*Compared to LG's conventional ovens. **Compared to LG's non-Infrared Heating™ ovens using chicken breasts, hamburgers and salmon.

ProBake Convection®

Largest Capacity***

ROOM FOR THE BIGGEST TURKEY AND ALL THE SIDES

- These 6.3 cu. ft. and 7.3 cu. ft. single and double oven ranges have the largest capacity ovens in their class*** so you can cook for one, or cook for all
- Whether you're baking large batches of cookies or a 20-pound turkey and all the sides for the holidays, the oven can fit all the pots, pans, Dutch ovens and skillets you need to get your cook on

***Based on LG internal survey (October 2018) for 6.3 traditional self-clean gas and electric single ovens, 6.9 gas double ovens and 7.3 electric double ovens.

Flexibility

5 COOKTOP ELEMENTS SIMPLIFY MEAL PREP AND SAVE TIME

- Expand your options with five cooktop elements that let you sauté, simmer, boil and more—all at the same time
- Versatile dual elements and 3-in-1 element on select models adjust to different sized cookware with a turn of the knob—so you'll always have the right size and power when you need it without having to move pans

Additional Features

Fastest Boiling 3.2kW Element

SAVE TIME AND GET LG'S FASTEST BOIL

- With 3,200 watts, this dual cooktop element is the most powerful available*
- Not only does it deliver LG's fastest boil to save precious minutes, it lets you match the element size to your cookware for the utmost in flexibility

*As compared with other LG electric models, non-induction models.

EasyClean®

KEEP YOUR OVEN LOOKING LIKE NEW

- Get a spotless oven in just 10 minutes with the fastest oven-cleaning feature available**
- Simply spray the interior with water, press the EasyClean® button and let the oven do the work—without chemicals or high heat
- Use the regular self-clean cycle on select models for the occasional deep clean

**Among major leading home appliance brands as surveyed in June 2017. Heavy build-up may require additional manual effort or use of the full self-clean feature.

Style & Design

SLEEK LINES SHOW OFF YOUR STYLE

- Slide-in design places the controls up front for a built-in look that lets the beauty of your custom backsplash and countertops show through
- The streamlined styling integrates beautifully with surrounding cabinetry
- PrintProof™ black stainless steel and matte black stainless steel finishes on select models resist fingerprints and smudges to keep your kitchen looking its best

Ergonomic Tilted Controls

DESIGNED TO PERFORM—BEAUTIFULLY

- Tilted front panel has just the right balance of style and functionality, with easy-to-reach knobs and easy-to-read display
- Heavy duty metal knobs combine a premium, pro-style look with pinpoint cooktop control
