Myra **Dining Room** **Assembly Instructions**

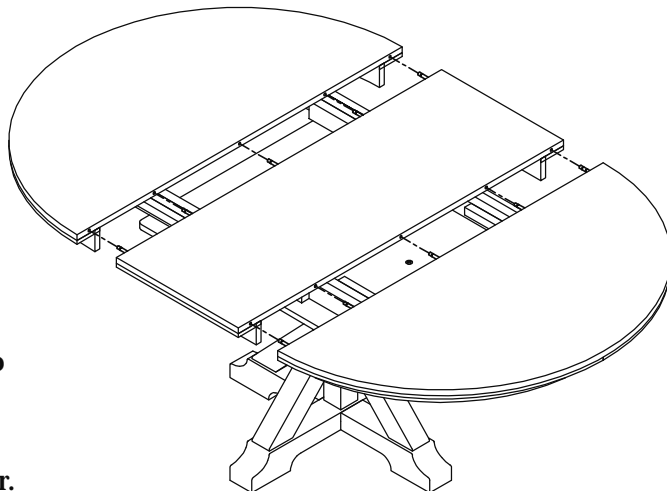

Page 2 of 2

Made in Viet Nam

Step 2: With the Table Top placed upside down, position the assembled base onto the bottom of the Table Top. Connect with the 1-3/8" Allen Head Bolts (H) and the same Washers as used in previous steps. Tighten with the Allen Wrench.

Step 3: Using two people, carefully set the assembled table upright.

Step 4: To install the Table Top Leaf (B), reach underneath the sides of the Table Top and twist the handle of the Locks to unlock. Pull the two halves of the Table Top open, place the Leaf in position, aligning the pins with the holes on the edges and push the halves back together. Reach underneath the Table Top and relock.

To prevent undue stress on the Dining Table if it is moved, using two people, always lift and carry your Dining Table from one location to another.
