

LAURELHURST DINING

MISSION/ARTS & CRAFTS

Laurelhurst reflects the classic design and detail from the Arts and Crafts movement updated for today's modern lifestyle. Self-storing leaves and equalizing ball bearing table glides make table conversions a breeze while traditional quality construction is apparent in the English dovetailed drawer boxes. True pegged through mortise-and-tenon details showcase the focus on craftsmanship central to the aesthetic. The mission and rustic oak finishes add a warm glow to the collection while enhancing the natural beauty of the solid oak and allowing the grain to shine through.
