

3X LAYER MESH FILTER

LED LIGHT

ELICA'S EXCLUSIVE PLUS FEATURES

Potenza combines curved glass and stainless steel to create a light and airy environment, which is perfect for any contemporary kitchen.

The flowing designs of 30" or 36" widths come with a powerful 400 CFM blower that can support the cooking demands of most kitchens. Backlit push button controls manage multiple functions, including LED lighting and 3 speed blower. Potenza also features a telescopic chimney for up to 8' 5" ceilings.

Designed for standard ducted installation, Potenza can also be installed as a recirculating system using the kit available as an accessory.

Optional CFM Reduce Kit	KIT02748	

PLUS FEATURES

3X LAYER GREASE FILTER - Elica aluminum mesh filters are a step above competition, featuring triple layered, anodized aluminum that is woven into a highly dense mesh. The thick mesh captures more grease, anodization helps resist staining and provides durability to repeated cleanings in the dishwasher.

LED LIGHT - LED lighting is undoubtedly the smartest solution in terms of energy saving. Expected life time of over 20.000 hours, represents the most remarkable advantage of LED light bulbs.
