

GE® RPWFE REFRIGERATOR WATER FILTER

Model# RPWFE

- GE guaranteed fit - Compatible with select GE french-door refrigerators
- - Removes 99% of lead from your drinking water
- GE's most advanced filtration - Tested and verified to reduce five trace pharmaceuticals, including: ibuprofen, progesterone, atenolol, trimethoprim & fluoxetine.* (*Contaminants or other substances removed or reduced by this water filter are not necessarily in all users' water)
- Industry first filter to reduce chloramines - Certified to reduce chloramines and chlorine taste and odor, for better tasting water and ice
- Premium filtration - Certified to reduce chlorine-resistant cysts, lead, select pharmaceuticals and 15 other contaminants
- Easy filter replacement - No tools or water-turnoff required to replace cartridge inside refrigerator
- Six-month filter life - For best filtration results, filter cartridge should be replaced every six months* or 300 gallons *Replace sooner if flow rate noticeably declines

FEATURES

Max. Filtered Water Flow (gpm)	0.5
Filter Life	6 Months
Filter Media	Carbon Block
Operation Water Pressure (psi)	25 min. - 120 max.
NSF 42	Yes
NSF 53	Yes
NSF VOC	Yes
Pharmaceutical Filtration - Claims tested/verified by independent laboratory, not certified by NSF International or state of CA	Yes
Rated Capacity	170.0
2, 4-D Reduction	98%
Asbestos Reduction	99.9%
Atrazine (Herbicide) Reduction	>97%
Benzene Reduction	>99%
Carbofuran Reduction	>99%
Chloramine Taste and Odor Reduction	96.9%
Chlorine Taste and Odor Reduction	96.9%
