#### Planning notes

Door hinge not reversible.  
The front of the appliance extends 1 7/8" from the cabinet front.  
Consider the overhang when planning to open drawers next to the appliance.  
When planning a corner solution, pay attention to the 90° door opening angle.  
To achieve the 21 5/8" installation depth, the connection cable needs to follow the slanted edge on the lower right hand corner of the housing.  
Plan a power outlet outside of the cut-out niche.
