

## Be exact. The original soundbar.

Leon's Horizon™ Series speakers are hand-crafted and built-to-order to **match the exact width and finish of any flat-panel display**. Combining left, center and right channels all in one sleek cabinet, the Horizon™ Series provides picture perfect sound for Living Space home theater systems and everyday TV viewing. The Horizon 515-X-A has been designed to achieve maximum performance, transforming any home theater setup into a cinematic experience with truly captivating audio capabilities. Each speaker features world-class Peerless woofers and Morel MDT-29 cloth-dome tweeters, creating a high-fidelity system with exceptional sonic clarity. The Horizon 515-X-A Series takes high-end performance to new levels and is one of the finest multi-channel speakers available today.

- Custom built to match the exact width and finish of any display
- Easily mounts to articulating TVs with Leon's exclusive brackets
- Slim 4" deep design seamlessly integrates with flat-screen TVs
- Angled baffles available for overmount or high placement applications
- Solid MDF construction, meticulously crafted by hand
