Speed: 33, 45 / 78 (electronic/manual speed change)

Drive principle: belt drive

Wow and flutter: 33: +/-0,19%; 45: +/-0,17%

Speed drift: 33: +/-0,60%; 45: +/-0,70%

Platter: 300mm acrylic platter

Main platter bearing spindle: stainless steel

Tonearm: 8,6" Carbon

Effective arm length: 218,5 mm

Overhang: 18,5mm

Effective tonearm mass: 6,0 g

Tracking force: 10 - 30mN

Included accessory: 15 volts DC / 1,6A power supply, dust cover

Power consumption: 7,4 watt max / < 0,5 watt standby

Power connection: 110/120 or 230/240 Volt - 50 or 60 Hz

Dimensions: 415 x 118 x 320mm (WxHxD) lid closed

Weight: 4,9 kg net

The Beatles 1964 Recordplayer - a true collector's item!

This special collaboration between Pro-Ject Audio Systems and the Universal Music Group features one of the most influencing artists of all time The Beatles! The turntable used is one of the most sold audiophile turntables in the world: Debut Carbon Esprit SB! It features high quality and audiophile components, such as an Ortofon 2M Red cartridge, a precision aluminium pulley, an electronic speed control, top notch MDF chassis, an acrylic platter or a completely redesigned motor control. Its sound is both thrilling and relaxing, musical and detailed just like the music from The Beatles, therefore they are perfect partners in crime. The artwork shows copies of tickets from their legendary worldtour in 1964.
