# CF3000 Smooth Hybrid

EURO TOP - FIRM  
13.5" Profile

### Max Cold™ Cover

Made from super cool high-performance fibers for an instant cool-to-the-touch sensation.

### UltraCold System™

This premium cooling technology is engineered to work hard at absorbing excess heat from your body while you sleep comfortably.

### Carbon Fiber Memory Foam

Carbon fibers embedded in the foam channel heat away from your body and provide exceptional strength for back and neck support.

### Deep Reaction™ Max Memory Foam

Only available in select iComfort models, this highly-dense memory foam has both cushioning and conforming qualities for a firm, yet comfortable deep-down support.

### iComfort® Gel Memory Foam

A fusion of cooling gel within premium memory foam, this special blend promotes cooling by increasing airflow and dissipating heat.

### 1250 iComfort® Hybrid Support™ System with BestEdge® Foam Encasement and Lumbar Support Core

In this advanced innerspring system, individually wrapped coils work independently to conform to every curve of your body and provide durable support.
