#### Key Features

- Fully welded and assembled
- 2200 lb. Max load (w/ leveling feet)
- Side Panels: 16-gauge single sheet metal
- Rails & Frame: 14-gauge single sheet metal
- 10-32 Threaded rails for faster component loading
- EIA 310-D Hole Pattern
- Grounding and bonding in multiple locations.
- Lifetime limited warranty

**Note:** Check with local authorities in regard to code requirements for compliance.

Rails accept 10-32 rack screws (40 included). Additional screws are available in a no-roll jar that includes 200 screws and nylon washers. (SR-SCREWS-200JAR)

To ground cabinet, connect the ground wire to the field wiring ground terminal on the bottom panel first. To ground side panels and top, use UL Listed closed loop connectors with minimum 12 AWG wire 1/4" zinc plated steel or stainless steel internal tooth washer, and an M6 nut to connect to the doors or side rails in locations N&O above.

#### CAUTION!

When loading equipment into cabinet, ensure that leveling feet are adjusted correctly and load heavier equipment at the bottom of the rack.

**\*Note:** Equipment cabinets are intended to house or mount certified equipment that is provided with its own fire and electrical enclosure.

**Lifetime Limited Warranty**

All Strong™ products have a Lifetime Limited Warranty. This warranty includes parts and labor repairs on all components found to be defective in material or workmanship under normal conditions of use. This warranty shall not apply to products that have been abused, modified, or disassembled. Products to be repaired under this warranty must be returned to SnapAV or a designated service center with prior notification and an assigned return authorization number (RA).
