## MDR-XB650BT/B EXTRA BASS Bluetooth Headphones

Let your music loose with the powerful, clear sound of EXTRA BASS™ and freedom of Bluetooth® connectivity that lets you cut the cord, while pumping it up in style. Never miss a beat with 30mm drivers engineered for today's bass-heavy tracks and up to 30 hours of battery life.<sup>1</sup> Even take hands-free calls. They're ready to hit the streets with bass that hits.

### Features

#### Connect and stream music easily with Bluetooth® and NFC

Enjoy easy, one-touch connectivity and music streaming with NFC. No NFC? No problem. Connect via Bluetooth and you're ready to go.<sup>2</sup>

#### Feel the power of EXTRA BASS

Made for today's heavy-hitting bass lines and dropping beats, EXTRA BASS™ technology delivers powerful, clear bass sound where it's hardest to find—in portable speakers and headphones. The result is a full, deep, resonating sound that's perfect for EDM, Hip-Hop and other music. So push the button, crank it up and let the bass drop.

#### Keep the music pumping with long battery life

A four-hour charge gives you up to 30 hours of continuous playback—so you can keep on listening, track after track, mix after mix.<sup>1</sup>

#### Listen in comfort and style

The self-adjusting headband and soft, cushioned ear cups offer the long-lasting comfort you need for listening to your favorite albums back-to-back. And they look good doing it, too.

#### Enjoy hands-free calls

A built-in button and mic on the headband enables you to take hands-free calls from selected smartphones while listening to music. Switch easily between songs and calls with no need to remove your headphones.

### Specifications

General Features(Headphone)	
Driver Unit	30 mm
Frequency Response	20Hz-20,000Hz
Headphone Type	Closed, Dynamic
Impedance	24 ohm
Sensitivity	95dB/mW
Weights (Approx.) *excl.cable eights	Approx. 190g
General Features(Microphone)	
Direction of Microphone	Omnidirectional Microphone
Effective Frequency of Microphone	100Hz-4000Hz
Unit of Microphone	Electric Condenser
Bluetooth	
Bluetooth® Technology	Bluetooth Ver.4.0
Effective Range	Line of sight approx.30ft (10m)
Frequency Range	2.4GHz band (2.4000GHz-2.4835GHz)
Frequency Range(A2DP)	20Hz - 20,000Hz(44.1kHz Sampling)
Interface	A2DP, AVRCP, HFP, HSP
Modulation Method	FHSS
