⁺ Add 2.5 amps for each warming light. This model is equipped with halogen lighting: (2 lights: 30" - 41", 3 lights: 42" - 48").

^{\$} Because the Magic Lung® blower uses centrifugal filtration rather than conventional baffle or mesh filters, the Magic Lung® blower can handle cooking equipment with higher cubic feet per minute (CFM) requirements and can deliver equivalent CFM much more efficiently than other filtration systems. When comparing the Magic Lung® with other blower units made by other manufacturers, use the "Equivalent CFM".
